we care KNOW WHEN OUR SHIP CAME IN? In 1859. That was the year an imaginative 26-year old, named George H. Hartford, had a brilliant idea. The idea? Buy tea direct from the Orient by the clipper shipload. Eliminate expensive in-between costs. Sell directly to the public, at great savings... a small profit. 1859...that's when our ship came in. That was the beginning. That's when our founder showed he cared about people. Today, in keeping with that proud heritage, A&P is still dedicated to bringing the most good food, to the most people for the least amount of money. Today, more than a century later, we can honestly say, "WE CARE...about you." Is this a good reason for shopping A&P? It's one of many.
