KINGS MOUNTAIN CITY SCHOOLS

NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

This notice is made available to inform you about the desegregation of our schools. Keep a copy of this notice. It will answer many questions about school desegregation.

1. Desegregation Plan in Effect
The Kings Mountain City Public School System is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin.

2. Thirty-Day Spring Choice Period
Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on February 15, 1968 and close March 15, 1968.

3. Explanatory Letters and School Choice Forms
On the first day of the choice period, an explanatory letter and this notice will be sent by first class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school in any grade 1 - 6 the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent's office. All students in grades 7 - 8 will be assigned to Central School and all students in grades 9 - 12 will be assigned to the Kings Mountain High School.

4. Returning the Choice Forms
Parents and students, at their option, may return the completed choice form by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

5. Choice Form Information
The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.

6. Course and Program Information
All of our elementary schools have the same curriculum. Every effort has been made to keep the schools on an equal basis.
Special Education classes are given in only one school. Students that qualify for these classes should be enrolled in that school. Mark special education on the choice form.

7. Signing the Choice Forms
A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parents before the end of the period during which the student exercises his choice.

8. Processing of Choices
No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

9. Notice of Assignment, Second Choice
All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in the system where space is available.

10. Students Moving Into the Community
A choice of school for any student who will be new to the school system may be made during the 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a notice is made after the 30-day grace period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

11. Students Entering First Grade
The parent or other adult person acting as parent, of every child entering the first grade is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

12. Priority of Late Choices
No choice made after the end of the 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

13. Tests, Health Records and Other Entrance Requirements
Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color, or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

14. Choices Once Made Cannot Be Altered
Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.

15. All Other Aspects of Schools Desegregated
All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also

operate on a desegregated basis. Facilities will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

16. Attendance Across School System Lines
No arrangement will be made, or permission granted, by this school system for any student living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color, or national origin.

17. Violations To Be Reported
It is a violation of our desegregation plan for any school official or teacher to influence or dissuade any person from choosing a school where a desegregated education can be obtained, or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of a desegregated school. Any person having any knowledge of any violation of these prohibitions should report the facts immediately by mail or phone to the Equal Educational Opportunities Program, U. S. Office of Education, Washington, D. C. 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegregation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should likewise be reported. Anyone with a complaint to report should first bring it to the attention of State or local officials, unless he feels it would not be helpful to do so.
