ng in the long struggle for recognition in the United States
of the constitution of Morganton,
driving a 327 Chevelle to take und North Carolina? Well, I can say that part of the quesion can be answered by the one word "industry". As you probably know without industrialization it is definitely probably know without industrialization it is definitely hard for a community to grow and prosper as it should. First, for a community or city to gain industry it has to ave an individual or a group of people to let the industries know of the potential of a community and how well a mill or trucking line or any other operation would fair in their first. The who part of the question can be answered with the name John H. Moss. Reigning as Mayor of our "Historial City" Moss has strived for all of the above things and cal City", Moss has strived for all of the above things and second money, and Arthur Bolnore. He is the one individual that the City of Kings Mounlinger of Golden Valley, in a ain has needed in the past, and now has. He, along with other hard working citizens, have made Kings Mountain a town that can be used as a "Model" for other cities. The Mayor has helped me in the past directly and more so indirectly. Thank you, Mayor John H. Moss.

Thanks are also in store for the Kings Mountain High School faculty and coaching staff. Without the co-operation of the faculty and staff, it would have been very hard for main event for rookies. PeeWee me to get along at the Herald, Mr. Jake Atkinson, Kings Givens of Rutherfordton drove Mountain High School principal, has let me out of class his Chevy to second place, many times, so I could get caught up in my sports writing. Melvin Revis finished third in a many times, so I could get caught up in my sports writing.

Mr. Atkinson said that he would not have let me get out of class for just any job, and he turned down many who were trying to cut class to go to work. But, however, he does feel that if a student is working in a field that he will oursue as his future, then what could be more educational than the job itself. Mr. Atkinson, I have learned a lot from you and I hope to learn more. You have aided in broadenge my knowledge of the newspaper world.
