A STATEMENT FROM ALFRED TUCKER Candidate For Ward 3 City Commissioner

The community in which I live is exactly why I am running for Commissioner in Ward 3.

I announced my candidacy in the Kings Mountain Herald a few weeks back and in that announcement I stated that I believe that we currently have good government here in Kings Mountain, but I also believe that it can be improved upon and if I am elected to Commissioner in Ward 3 I will do my utmost with the help of the fine people here in Kings Mountain to see that our city government is improved upon to the utmost of my ability.

A few of the things that I would like to see improved upon here in the city is more fire fighting equipment, and better service from the Fire Department. Just recently one citizen had a trailer burn up on his property. The Kings Mountain Fire Department failed to answer the call. The Oak Grove and Bethlehem Fire Department answered the call but by that time the trailer had burned up. Now this fellow lived a mile out of town, but his insurance card was up at the Fire Department and they should have answered that call, but no they couldn't find the card and the man himself went up there and showed them his card. This is the kind of better service that I am talking about.

Another thing that I think we need is more recreation facilities. Although great steps are being taken in this matter, I still believe that we need more playgrounds for our children and more supervised recreation for the others. Although Kings Mountain ranks pretty tops in the state in the matter of recreation, we can still be improved upon in this matter.

I would like to put in a plug at this time for the new Facilities Building that is going up over at City Park, and the new Day Care Center that is going to be in that building. This will relieve a great many mothers to work that are currently having baby-sitting problems. The Mayor and his commissioners have done a marvelous job so far, but are we going to let them say stop, right where they are. I say "No". I say keep on going so that we can say we are really the fine city that most people in the state say that we are. We have taken great strides in the last few years in a lot of ways. The City of Kings Mountain walked away with all of the honors last year in the United Fund, and I have it from competent sources that we can do the same this year if we only put our heart and shoulder to it. Many, many things have been accomplished but again I say not to stop here, but we must push on to higher and better goals. The Mayor mentioned in his announcement last week several good points but one in particular sticks out in my mind and that is the Summer Youth Program. I am highly in favor of this program, in fact we worked about 9 of them over at Duplex last year and I might say that they were some of the best workers that we had. In fact 5 of them work for me.

**Ward 3 Commissioner — City Election, May 13, 1969

Burlington Reports 11 Percent Sales Gain, Earnings Up Too

New York, N. Y. — April 22, 1969—Burlington Industries, Inc. today reported consolidated net sales of \$445,755,000 for the quarter ended March 29, 1969, compared to sales of \$400,089,000 for the same period last year.

Net earnings for the quarter were \$19,770,000, equal to 76 cents per share on the 25,980,000 shares outstanding at March 29. For the comparable quarter last year, net earnings were \$18,748,000 or 75 cents per share.

For the six months ended March 29, net sales were \$883,933,000 and net earnings were \$40,555,000 or \$1.56 per share. In the comparable six months last year, sales totaled \$791,858,000 and earnings were \$38,778,000 or \$1.54 per share.

Charles F. Myers, Jr., chairman and chief executive officer, commented that white sales for the March 1969 quarter were 11% ahead of the same quarter last year, pre-tax margins were moderately lower as the result of a cost/price squeeze in such areas as, sheeting, textured yarns and he stated, however, that, "as a heavy cotton fabrics for apparel, result of improved volume, earning per share were slightly better than a year ago. Also sales and incomity orders are continuing at about the same volume level so far for the current quarter."

The Board of Directors, meeting in New York today, declared a regular quarterly dividend of 35 cents per share, payable June 1, 1969, to shareholders of record at the close of business May 2, 1969.

FINALS SET
Date for finals exercises at Kings Mountain have been announced. The baccalaureate sermon will be delivered on May 25th and graduation exercises will be held on Friday, May 30th. Boyce Memorial ARP church will provide a speaker for the baccalaureate.

Beautiful Compact Lightweight SOLID-STATE TV only **\$114⁹⁰**

Lasting reliability! Pictures and sound—in all "tubeless" models—come on instantly. Saves you power and service costs, too. Model 117 with 71 sq. in. screen, telescoping antenna, plus concealed carrying handle. Makes a perfect gift—for anyone!

If you can't keep your bedroom a different temperature from the rest of the house, you might as well be sleeping in the kitchen.

Some people like their bedrooms cooler than the kitchen. Because they don't wear blankets in the kitchen.

This makes quite a case for Electric Comfort Heating. The flameless heating system that gives you a thermostat in every room.

Of course, there are other advantages. Gentle, even heat. Almost no moving parts to go haywire. Thrifty operation.

If that sounds like the kind of care-free heat you want, call Duke Power.

You can't buy a heating system from us, but you can learn things about electric heating. Things like this: About half the new homes and apartments served by Duke Power are now heating electrically. Simply because people don't like to worry about heating systems. Join them. And live the carefree electric way.
