Byers, Hardin In Contest

A two-man team of auto mechanic students from Kings Mountain high school will be training, very hard for the next few days on a new 1969 Plymouth.

The students are getting ready for the 21st annual Plymouth Trouble Shooting Contest to be held May 24, at Independence high school at Charlotte, N. C.

KMHS's Trouble Shooting team members are Richard Byers, 18 and Robert Hardin, 18.

The practice car was delivered to Gordon Beatty, KMHS's auto shop instructor by Mr. McBrayer and Eddie Arrowood of McBrayer Motors, Shelby, local sponsor of the Trouble Shooting Contest.

At the contest, the KMHS team will compete against other area schools it one of the most unusual interscholastic competitions of them all.

Participants first, take a written exam. Then, teams are given a new Plymouth to put in running condition. It won't be easy. Set-started have been deliberately placed under the hoods by Plymouth engineers.

The written exam counts as 30 percent of a team's final score and the mechanical competition 70 percent.

The winning team earns an all-expense paid trip to the National Trouble Shooting Finals June 16, 17 and 18 in Indianapolis at the famed "500" Speedway.

Contestants are competing for a total of \$125,000 worth of scholarships and awards.

Purpose of the Trouble Shooting Contest is to recognize and honor outstanding young auto mechanic students and to encourage them to seek rewarding careers as automobile mechanics.

The KMHS Trouble Shooters will work very hard on that new Plymouth practice car so they'll be ready to prove they are the auto mechanic students in the Western N. C. district.

Weekly Health Tip

By WILSON GRIFFIN

Regular health examinations by your doctor are important, even though you feel entirely well. Preventive medicine can avoid illness, just as preventive maintenance on an automobile can avoid major breakdown and repairs. By discussing your diet, work, anxieties, etc., with your doctor, you may expose harmful practices which, if not corrected, could lead to serious illness.
