

LEGAL S

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF KINGS MOUNTAIN, N. C.

WHEREAS, the City Board of Commissioners has been petitioned under G. S. 160-452, as amended, to annex the area described herein, and

WHEREAS, the City Clerk has certified the sufficiency of said petition and a public hearing on the question of this annexation was held in council chambers at 6:30 P. M. on the 14th day of October 1969, after due notice by publication and

WHEREAS, the City Board of Commissioners does hereby find as a fact that said petition meets the requirements of G. S. 160-452, as amended; now therefore

BE IT ORDAINED by the City Board of Commissioners of the City of Kings Mountain, North Carolina:

SECTION 1. By virtue of the authority granted by G. S. 160-452, as amended, the following described territory is hereby annexed and made part of the City of Kings Mountain as of the 14th day of October, 1969.

Beginning on a black oak, the southwest corner of the Barwin Knitting Mill property and running with the west line of the knitting mill property N. 15-10 W. 248 feet to an iron stake, the northwest corner; thence a new line across the Williams' property S. 59-17 W. 407.8 feet to a sweet gum; thence S. 51-52 W. 134.5 feet to a stake; thence S. 33-39 W. 106 feet to a pine; thence S. 24-15 W. 86 feet to a stake; thence S. 11-0 E. 353 feet to an iron stake, N. 47-0 E. 195 feet to an iron stake near an oak stump; thence N. 86-48 E. 703.1 feet to an iron stake; thence S. 56-42 E. 25 feet to an iron stake; thence N. 86-48 E. 142 feet to a point on the pavement of the old Kings Mountain-Waco road; thence with the road N. 17-02 W. 15-4 feet to George Thombs corner; thence with his line N. 89-0 W. 139 feet to an oak; his corner; thence with another of his lines N. 5-45 W. 324 feet to an iron stake; thence with another of his lines N. 13-30 E. 85 feet to a wild cherry, his corner and a corner of the knitting mill property; thence with the south line of the mill property N. 81-0 W. 249.5 feet to the beginning, containing 10.2 acres more or less and being a part of the land conveyed to Otto Williams et al by deed dated 2 June 1968 and now on record in the Cleveland County Registry in Book 12-F at page 405.

SECTION 2. Upon and after the 14th day of October, 1969, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Kings Mountain and shall

be entitled to the same privileges and benefits as other parts of the City of Kings Mountain. Said territory shall be subject to municipal taxes levied for the fiscal year beginning July 1, 1970.

SECTION 3. The Mayor of the City of Kings Mountain shall cause to be recorded in the office of the Register of Deeds of Cleveland County, and in the Office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 hereof, together with a duly certified copy of this ordinance.

SECTION 4. This ordinance shall be published once, following the effective date of annexation, in a newspaper having general circulation in the City of Kings Mountain.

Adopted this 14th day of October, 1969.

John Henry Moss, Mayor.

Attest:
J. H. McDaniel, Jr.
City Clerk.

AN ORDINANCE TO EXTEND THE CORPORATE LIMITS OF THE CITY OF KINGS MOUNTAIN, N. C.

WHEREAS, the City Board of Commissioners has been petitioned under G. S. 160-452, as amended, to annex the area described herein, and

WHEREAS, the City Clerk has certified the sufficiency of said petition and a public hearing on the question of this annexation was held in Council Chambers at 6:30 p.m. on the 14th day of October 1969, after due notice by publication, and

WHEREAS, the City Board of Commissioners does hereby find as a fact that said petition meets the requirements of G. S. 160-452, as amended; now therefore

BE IT ORDAINED by the City Board of Commissioners of the City of Kings Mountain North Carolina:

SECTION 1. By virtue of the authority granted by G. S. 160-452, as amended, the following described territory is hereby annexed and made part of the City of Kings Mountain as of the 14th day of October, 1969.

LYING AND BEING in Crowders Mountain Township, Gaston County and BEGINNING at a control corner in the center of the intersection of platted roads of Franklin Avenue and Linwood Road as shown on that plat or map recorded in the Gaston County Register of Deeds Office in Book 8 at Page 79 and running thence North 60-50 West 920.5 feet to the Southwest corner of Lot No. 44 as shown on that plat recorded in Plat Book 8 at Page 79; thence with the western boundary of Lot No. 44 on the above mentioned plat North 1-15 East 605 feet to

the northwest corner of Lot No. 44; thence across Jackson St. 40 feet more or less to the southwest corner of Lot No. 44-A on the above referred to plat; thence North 4-15 East 234 feet more or less to the northwest corner of the Weir heirs property; thence South 85-53 East 135 feet more or less to a point in the eastern boundary of Lot No. 44-A; thence North 3 degrees East with the eastern boundary line of Lot No. 44-A to a point in Groves St., the common corner of Lot No. 44-A and Lot No. 45-A; thence North across Groves St. 40 feet more or less to a point in the southern boundary of Lot No. 31 as shown on the above referred to plat or map; thence North 85-53 West with the Northern margin of Groves St. and the southern boundary of Lot No. 31 to the southwestern corner of Lot No. 31; thence North 8-30 East 395 feet to the northwest corner of Lot No. 31; thence South 85-53 East 622.5 feet to the iron control corner in the northeast corner of Lot No. 32 on the above referred to plat, which is in the western boundary of that property owned by William S. Stinnett, formerly owned by J. B. Mauney; thence North across Mauney's line North 2 East 13.59 chains; thence North 1 West 14.24 chains to a point, the northwest corner of Mauney's 59 1/2 acre tract; thence South 62 East 16.31 chains to a stake; thence South 44 1/2 East 6.61 chains to a stake; thence South 66 East 3.24 chains to a stake; thence South 7 3/4 West 21.60 chains to a stake in the northern margin of Tract No. 6 as shown on that map recorded in the Office of the Register of Deeds for Gaston County in Book 11 at Page 19; thence South 89-20 East along the northern boundary of Tract No. 6 to the northeastern corner, shown as a control point on Plat Book 11 at Page 19; thence South 4-58 West 1487 feet along the eastern boundaries of Tracts No. 6, 5, 4, 3 and 2 as shown on Plat Book 11 at Page 19 to the southeast corner of Tract No. 2; thence North 89-50 West 1634.9 feet to the point of the BEGINNING.

Save and Except from the above description the following property:

(1) That property conveyed to William and C. M. Huffsteler in Deed Book 616 at Page 374.

(2) That property conveyed to Clyde A. Jenkins in Deed Book 632 at Page 414.

(3) That property conveyed to Ralph G. Sarvis in Deed Book 888 at Page 239.

SECTION 2. Upon and after the 14th day of October, 1969, the above described territory and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the City of Kings Mountain and shall be entitled to the same privileges and benefits as other parts of the City of Kings Mountain. Said territory shall be subject to municipal taxes levied for the fiscal year beginning July 1, 1970.

SECTION 3. The Mayor of the City of Kings Mountain shall cause to be recorded in the Office of the Register of Deeds of Cleveland County, and in the Office of the Secretary of State at Raleigh, North Carolina, an accurate map of the annexed territory, described in Section 1 hereof, together with a duly certified copy of this ordinance.

SECTION 4. This ordinance shall be published once, following the effective date of annexation, in a newspaper having general circulation in the City of Kings Mountain.

Adopted this 14th day of October, 1969.

Farm Families Will Vote On Nov. 25th

North Carolina farm families will decide on Tuesday, November 25, if they wish to continue spending "nickels for know-how."

A referendum is scheduled for that date on the unique Nickels for Know-How Program, through which farm people have aided agricultural research and education at North Carolina State University for the past 18 years.

The Nickels for Know-How Program was authorized by the General Assembly and approved in November 1951 by a statewide vote of farm people. It has since been voted on five times, and each time it has won the approval of about 90 percent of those voting.

By giving their approval to the program, farm people agree to assess themselves a nickel on each ton of feed and fertilizer that they buy.

The funds are collected by the North Carolina Department of Agriculture from feed and fertilizer manufacturers who add a nickel a ton to their wholesale price. The funds, an average of \$160,000 a year, are then turned over to the Agricultural Foundation at North Carolina State University.

The Foundation, which is composed of a representative from each county, decides how the money will be spent. During the current fiscal year, for example, \$183,052 has been authorized for 40 different research and education projects.

Around \$25,000 of this amount will be spent for research on poultry diseases, and another \$15,000 will be spent for research on poultry physiology and nutrition and for extension work with the poultry breeder industry.

Some \$27,000 will be used for the horticultural corps — fruit and vegetable breeding, processing and weed control.

Nearly \$20,000 is earmarked this year for insect problems, including tobacco insects, wood destroying insects and the destructive alfalfa weevil. Over \$17,000 is allocated to research and extension work related to livestock and over \$16,000 will be spent on field crops.

Other Nickels supported research this year includes such things as food processing, marketing, plant diseases, soils, and water pollution. Funds will also be used to provide publications for vocational agriculture students and to support extension specialists located at Plymouth, Waynesville and Castle Hayne.

Agriculture Commissioner James A. Graham said "Nickels for Know-How has been a most effective tool for supplementing agricultural research and bringing research findings to farmers for effective application."

"Its effectiveness has been most plainly evidenced by the overwhelming approval it has received from farmers in referendums held at three-year intervals since the enabling legislation was enacted in 1951," Commissioner Graham added.

Dr. H. Brooks James, dean of agriculture and life sciences at NCSU, listed four ways in which "Nickels" money has been invaluable to the state's agricultural economy.

"First, he said, "Nickels money gives us flexibility. We can initiate needed research immediately, instead of losing two to three years by waiting for state or federal appropriations."

"Second," he continued, "we can use Nickels money to experiment — to prove the merits of a new program or idea — so that support can be obtained from other sources."

"Third, we can increase the productivity of our key scientists by providing them with extra

hands in the form of research assistants.

"Fourth, Nickels for Know-How is strong evidence of the interest that farm people have in research and education. This evidence makes it easier for us to get support from agricultural groups and from the general public."

Polling places for the referendum will be established in most communities of the state. All users of feed and fertilizer and their wife or husband are eligible to vote.

Here's the Answer

Answers for the crossword puzzle are provided in the grid above.

Rubella Disease Is Common One In Children and Young Adults

Rubella (German Measles) is a mild viral disease common in children and young adults. If a child has German Measles at an early age, this child is usually not very sick, and has few complications from the disease. If a young woman has German Measles in early pregnancy, she may lose her baby, or the baby may be abnormal. Abnormalities in infants may include eye defects, mental retardation, congenital heart disease, and deafness. There may also be complications of pregnancy such as spontaneous abortions and still births.

To try to prevent these birth defects, a Rubella (German Measles) Vaccine has been developed. This is a live virus vaccine and can be administered safely to nearly all children. The long-lasting protection of the vaccine is supposed to produce the same lasting immunity you would receive from having had the disease.

Since the vaccine is now being provided in limited quantities, the Health Department has received a few doses, to be given to children in first through the third grades who have never had the German Measles. If you are in doubt if your child had the disease, it would be better to give the vaccine. Your family physician will also give this vaccine in his office, and he can give it to other age groups.

If you have a child in the first through the third grades, and are interested in this vaccine, visit your family physician or the health department.

Cleveland County Health Department Schedule for Week of October 27th.

Monday, October 27th—Health Center — General Clinic — X-rays, immunizations, blood tests, etc. (All Day).

Wool Contest Plans Underway

RALEIGH — Plans are taking shape for the 1969 "Make-It-Yourself-With-Wool" contest, to be held this fall. Harriette Tuttle, extension clothing specialist, North Carolina State University, said today.

Last year's contest was so popular, it is necessary to have district elimination contests again this year, the specialist noted.

District contests will be held in Asheville and Smithfield on Saturday, November 22. The finals will be in Raleigh, December 6.

As in past years, there will be a sub-deb contest for girls 10-13 years old. A Junior (age 14-16) and a Senior (age 17-21) winner will be chosen to represent North Carolina at the Southern Council contest to be held in December in Atlanta.

Junior and Senior winners of the Council competition will compete at the National Finals in January, 1970, in Denver.

The grand national prize is an expense-paid trip to Europe. Scholarships will also be awarded to top winners.

"Girls thinking of entering the contest should get complete details and entry blanks from the county home economics Extension agent or contest district directors," Miss Tuttle says. Deadline for entries is November 1.

District directors are Mrs. Milton Ogburn, Smithfield, Rt. 1, and Mrs. Earl Duckett, Alexander, Rt. 1.

Record Sales For Celanese

NEW YORK, Oct. 20.—Celanese Corporation reported third-quarter net income of \$19.7 million on sales of \$314.8 million, equal to \$1.40 per common share, a record for the quarter. This compares with 1968 third-quarter income of \$17.7 million, equal to \$1.25 a share, an increase of 12 percent.

The 1968 figure included a net loss of 12 cents from certain non-U. S. companies, which have since been deconsolidated. After adjusting for the deconsolidated operations, this year's third-quarter sales were seven per cent higher and per-share earnings two per cent higher than during the same 1968 period.

John W. Brooks, president and chief executive officer of Celanese, said that 1969 third-quarter earnings were adversely affected by nylon fiber price softness. He added that this was partially offset by higher profits from polyester fibers.

For the first nine months of 1969, sales amounted to \$932 million, slightly higher than the sales of \$924.7 million in the same 1968 period. After adjusting for operations subsequently deconsolidated, sales for the first nine months of this year were nine per cent higher than those of the same 1968 period.

Footo Sales Earnings Up

Exton, Pa. — Net sales for the nine months ended September 30, 1969 showed an improvement of 12% over the first nine months of 1968; for the third quarter, sales were up 19% over the comparable period of the previous year. Although net earnings for the nine month period just ended fell below those of 1968, net earnings for the third quarter exceeded those of the third quarter last year—despite the sharply reduced investment tax credit available in the current year.

Increased demand and tight supply of many metallurgical products have resulted in a strengthening of prices. Higher selling prices which went into effect in the third quarter are partially responsible for the improvement in pre-tax earnings over the comparable quarter one year ago. Further selected price increases, effective October 1 of this year, should serve to offset increasing costs and contribute to future earnings.

The Company reported that its Silver Peak, Nevada lithium operations were producing at near capacity, and that demand for vanadium products was increasing. Footo also said that seasonal power interruptions again affected some of its ferro-alloy operations, but that means of minimizing these interruptions were being explored.

Net income for the first nine months of this year was \$57.5 million compared with income, before extraordinary items, of \$40 million in the first nine months of last year. Per-share net income of \$1.08 for the first nine months of 1969 was also a record and compares with income before extraordinary items, of \$2.76 in the same 1968 period, an increase of 48 per cent. Adjusting the 1968 amount for the net loss of 60 cents from the deconsolidated companies, this improvement was 21 per cent.

Celanese is a diversified chemical company, producing a broad line of petro-chemicals, fibers, plastics, paints and coatings. Sales currently are in excess of \$1 billion annually.

both of Kings Mountain, and Mrs. Mary McAbee of Shelby. Also surviving are 10 grandchildren and seven great-grandchildren.

Rev. T. O. Dennis, pastor of the Church of God, officiated at the final rites.

Boyce Unit Earns Outstanding Award

WICHITA FALLS, Tex.—Sergeant Obie D. Boyce, son of Mr. and Mrs. O. B. Boyce of Rt. 2, Bessemer City, N. C., is a member of a unit that has earned the U. S. Air Force Outstanding Unit Award.

Sergeant Boyce, an aircraft mechanic at the 3750th Technical School, Sheppard, AFB, Tex., will wear the distinctive service ribbons to mark his affiliation with the unit.

His unit was cited for demonstrating unusual management acumen in responding quickly and efficiently to changing needs and increasing demands of its training services, with but nominal increase in resources.

The sergeant, a graduate of Lincoln High School, has completed a tour of duty in Vietnam.

His wife, Lula, is the daughter of Mrs. Katy Williams of 205
