**Weekly Health Tip**  
 By WILSON GRIFFIN

Headaches are never normal. Headaches that recur and are not relieved adequately by aspirin should be promptly investigated by a physician. It is the body's way of signaling that something is wrong and needs to be corrected.

scientific age, a wide array of medications is available to the physician in treating and preventing headaches. The problem can be serious and corrective measures should not be postponed.

After you see your doctor, bring your prescription to
