points and he hasn't cooled off yet. I just hope he's still hot when we start back on Jan. 5 against Western Carolina." Joining Barnes in the backcourt, Hussey said, is 6-1 Stan Davis of Pittsburgh. He's the second leading scorer with a 15 point per game average. Other starters are forwards Larry Christberry of Wilkes Central and Phil McNeil of Pittsboro, N. C., and center Larry Dudas, also of Pittsburgh.

Hussey's main job at present is scouting future ASU varsity opponents as well as high school prospects. Hussey was at the Gardner-Webb Holiday Tournament scouting Western Carolina, ASU's Jan. 5 foe.

Hussey says Crest's David Thompson is the best college prospect in the two Carolinas. "As strange as it might sound," said Hussey, "Thompson has improved over last year. Everybody is impressed with him. Without a doubt, he's the best player in the two Carolinas."

Now all your U.S. Savings Bonds pay higher interest.

Now it's official. Now one of the safest investments in the world brings you new and higher returns. Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time. Those Bonds are still replaced if lost, stolen or burned. You can still buy them through Payroll Savings or the Bond-a-Month plan. Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself? It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong. There never was a better time to take stock in America. There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America. With higher paying U.S. Savings Bonds.
