# Your High Goals Keep Our Community Strong

## Service To Humanity Is The Best Work Of Life

Every young man should give serious consideration to the Jaycee movement and its philosophy... Individual growth and development through community service. The tremendous challenges that face our modern day society can only be effectively solved by people who have a strong belief in themselves and in the dignity of man. Our tomorrows will depend on personal commitment and involvement today.

We believe:

-That Faith in God gives meaning and purpose to human life;

-That the brotherhood of man transcends the sovereignty of nations;

-That economic justice can best be won by free men through free enterprise;

-That government should be of laws rather than of men;

-That earth's great treasure lies in human personality;

-And that service to humanity is the best work of life.

In a rapidly changing world, it is our privilege to salute you young men who unswervingly dedicate yourselves to the difficult task of balancing the values of today with the visions of tomorrow. Your untiring efforts and achievements on behalf of this community assure its continued progress and prosperity. Your examples of leadership fill us with pride, and our town is a better place to live in. Thanks, we are grateful.

William K. (Bill) Hobbs, a 28-year-old educator from Forest City, was elected the 34th President of the North Carolina Jaycees at their State Convention in Charlotte last May.

Since 1963, when he became a Jaycee, Hobbs' name and the Jaycee ideal of "Service to Humanity" have been synonymous, having captured nearly every award or honor the Jaycees bestow, including two coveted Distinguished Service Awards (D. S. A.).

A native of Wilmington, Hobbs moved to Forest City in 1967, accepting a post in the History and Political Science Department at Isothermal Community College. Eighteen months later he was named Chairman of the Department and now serves ICC as Director of Public Relations and Development.

When his tenure as President of the Jaycees is completed, he plans to continue his teaching career at Isothermal, a spacious, progressive facility lying at the foothills of the beautiful Blue Ridge Mountains.

Hobbs' Jaycee career began with the Cape Fear Jaycees in Cumberland County in that chapter's charter year. He served as local secretary, vice president, president and state director.

On the state level, he has been state chairman for Spark-Plug and Community Development, receiving the C. Durward Walker Memorial Award for his outstanding contributions as a state chairman.

Hobbs has served two regions as a State Vice President, distinguishing himself in 1968-69 as the most outstanding state vice president in North Carolina as V.P. of Area "B" in the Western Region. He was further cited as one of the 10 most outstanding State Vice Presidents in the Nation.

At the time of his election, Hobbs was winding up a year as National Director of the Western Region.
