Federal Tax Filing Easy For Many

GREENSBORO — Filing their federal income tax returns this year can be, for about 30 million taxpayers, far simpler than ever before. Under certain conditions,

all the taxpayer has to do is to answer eleven questions on page 1 of the tax form, sign it, and mail it to the Internal Revenue Service Center in Chamblee, Georgia.

The all-important conditions which must be met to qualify to have your tax computed at the Service Center are these:

1. Your total income subject to tax must be under \$20,000. (This is the income you enter on line

18 of the tax form.)

2. Your income must come on ly from one or a combination of the following: wages, salaries, tips, dividends, interest, pensions and annuities.

3. You do not itemize deductions — that is, you don't deduct medical expenses, contributions, interest, etc., on Schedule A.

If you meet the above qualifications and wish to get your tax filing over in a hurry, here's all you do:

1. Complete the address section of Form 1040. Use the peel off label if you received one with your tax package. Check the information on the label for accuracy and correct it if necessary.
2. Fill in the requested information on page 1 of your tax form for the following lines: 12, 13, 14, 15, 16, 17, 18, 24, 26, 27, 28.
3. Sign the return. Husband and wife must both sign a joint return.
4. Attach copy B of all with holding statements to the back of the return.
5. Mail the return to: IRS Service Center 4800 Buford Highway, Chamblee, Georgia 30001.

That's all there is to it. If you overpaid your tax, you'll get a refund — if not, you'll receive a bill for the balance.

Also, the Service Center will compute any retirement income credit you may be due. In this case all you do is procure a Schedule R from any IRS office and attach it to your return after completing lines 2 and 5 of the form.

Lewis Earns Unit Honor

ANCHORAGE, Alaska — Staff Sergeant Bruce G. Lewis, son of Mr. and Mrs. Bruce W. Lewis of 22 Albion St., Lumberton, N. C., is a member of the 61st Military Airlift Support Wing that has earned the U. S. Air Force Outstanding Award for the sixth time.

Sergeant Lewis is a medical specialist with an element of the wing at Elmendorf AFB, Alaska, one of the unit's 28 operating locations.

The 61st, headquartered at Hickam AFB, Hawaii, now provides support for Military Airlift Command troop, aeromedical and cargo flights in the Pacific area and Southeast Asia. It also helps provide medical crews.

The unit was dted for flying nearly 840,000 accident-free hours and 168 million miles in the Pacific before termination of its flying mission in late 1969. In addition, it was recognized for its recovery support of the first three Apollo manned space flights.

Sergeant Lewis will wear a distinctive service ribbon to mark his affiliation with the 61st.

The sergeant has served a year of duty in Vietnam.

He attended Littlefield High School. His wife, Carol, is the daughter of Mr. and Mrs. George R. Barber, Williams Street, Kings Mountain N. C.

Baseball players rub it on their hands to get a firm grip on the bat. Football players tear it apart and fight for every inch of gain over its surface. It supports the snow on which you "bump your fanny" or break a leg on the ski slope. The bronco buster is rolled in it by a bucking horse. It shifts and rolls with the tumbleweeds in the desert. The desert rat groveled in it as

he faced the mtrage of an oasis; and sure death by dehydration. You get it in your shoes or between your toes, when barefoot.

The youngster will gobble-up a tiny portion in an effort to get his proverbial quart.

It is molded and sculptured on the beaches and dunes by stormy winds from angry seas.

It produces clouds of dust at auto races on unsurfaced tracks. "Tin Lizzie" drivers wore goggles, caps, veils and "dusters" for protection in the gold old days.

It stems the erosion flow when covered with leaves, sticks and logs on the forest floor and promotes gentle run-off from pasture lands.

It supports canyons of buildings and miles of hard top travel ways.

Seven forty sevens land on the strips supported by its surface. Streams of water wind their tortuous ways to the sea in its surface channels.

It resents strip mining and neglect which cause erosion and fills streams and reservoirs with silt.

It may be red, black, brown, gray or in-between, depending on when and how it was formed.

It provides food and fiber for man and animal, thus supporting all life on earth.

It is THE SOIL — our basic asset. Do what you can to conserve it.

Busy Month For Rescue Squad

MEMO TO ADVERTISERS

- Q. What are the 3 most important rules for profitable newspaper advertising?**
- A. 1. Your advertising message should be new, friendly, informative, easy to read. Give facts and news about your merchandise and service.**
- 2. Advertise regularly. Make your advertising do what successful salesman do—call on customers and prospects consistently.**
- 3. Insist on audited circulation reports that give you the FACTS about the audience that your sales messages will have when you buy newspaper advertising.**
- Q. Is there a measure for the value of newspaper circulation to an advertiser such as the standards a merchant uses in buying merchandise—for example, like STERLING on silver?**
- A. Yes—in the well known circulation standards of the AUDIT BUREAU OF CIRCULATIONS.**
- Q. What does A.B.C. do for me?**
- A. At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of the circulation records of each publisher member. The results of each audit are published in an easy-to-read A.B.C. report for your use and protection when you buy newspaper advertising.**
- Q. What are the FACTS in A.B.C. reports?**
- A. A.B.C. reports tell you how much circulation, where it goes, how obtained and other FACTS that help you buy advertising as you would make any sound business investment—on the basis of known values and audited information.**
- Q. Are all publications eligible for A.B.C. membership?**
- A. No. Only those with paid circulation. This is important to advertisers because it is evidence that the paper is wanted and read.**

- Q. What is the A.B.C.?**
- A. The A.B.C. is a cooperative, non-profit association of 3,450 advertisers, advertising agencies and publishers in the United States and Canada. Organized in 1914. Brought order out of advertising chaos by establishing a definition for paid circulation, rules and standards for measuring, auditing and reporting the circulations of newspapers and periodicals.**
- Q. Is this newspaper a member of the Audit Bureau of Circulations?**
- A. Yes. We are proud of our circulation. We want you to know the FACTS about the audience your selling messages will have when they appear in these pages. Ask for a copy of our latest A.B.C. report.**
