That the registrars and judges shall conduct the election and certify the results of same to the Board of Commissioners for the City of Kings Mountain in accordance with the law.

The Registrars and Judges shall be as follows:

## LETTER TO THE EDITOR

Dear Sir,

Having read numerous editorials within the past several days and not wishing to seem selfish for news space, it really does warm a persons blood up some what to read in many newspapers the threat of intimidation; against one of our freedoms as Americans. A threat not only to the press, but against the public. Seems to me that I read where through the years that Congress shall make no law... abridging the freedom of free speech; or of the press. I also believe that some where is the First Amendment-clause which is one of the bed-rock rights of our Republic. It not only looks as though it would like to impose such action, seemingly there are elements within our state legislative body are trying such action. But there are ways other than by making laws that those freedoms may be a-

bridged. The newspapers are quite familiar with the numerous attempts by authorities to such. I remember also where one of our former presidents once said, Quote: By President Roosevelt; When he said: "In the hands of a people's government — power is wholesome and proper, but in the hands of political puppets, such power would provide shackles. If such is permitted to continue as such the public officials in our state or on the national level, then we as Americans are in for real trouble. Therefore it behooves each citizen to make our opinions and convictions known to our legislative bodies through the means of personal letters to those who represents the people or through the press with letters to the Editors. Heaven help us should the open press be taken and used only for the protection of those officials who have unclean lines to hide. So by all means get in there and begin to protect your freedom of the open press. I think it's time the American public should begin to open its eyes as well as its heart and mind to what's really going on behind the closed doors of our local, state and national levels. And by open news media is the only way for us to know. In so closing another quote by one of Supreme Court's Justices, Charles Evans Hughes. Quote: "While democracy must have its organization; and controls, its vital breath is its individual liberty". End Quote. The individual liberty of a free and open press, when this falls, our democracy will have lost complete freedom. Of movement; and action. Think About It??? Why sleepeth Thou America???

## Witnesses To Meeting

Herbert W. Elam, presiding minister of the Gastonia Congregation of Jehovah's Witnesses, announced today that the local congregation will attend a three-day convention, May 14-16, at Asheville High School in Asheville, North Carolina. Mr. Elam will head the local delegation of about 103 ministers.

The semi-annual event is expected to attract upwards of 1,000 ministers from Western North and the north central sector of South Carolina.

The three-day program will include a variety of talks on Bible subjects. Groups of ministers will discuss ministerial activities. Sessions will be conducted morning, afternoon and evening, with a baptism of new ministers on Saturday morning.

Mr. Elam, in describing the Bible seminar, said, "The assembly is not a revival, but is held primarily to advance Christian education."

The featured speaker on the program will be David G. Thomas, from Jehovah's Witnesses' world headquarters in Brooklyn, New York. Mr. Thomas is presently serving as district supervisor for the southeastern United States. He will deliver the principal address of the assembly on Sunday, May 16 at 2 p.m. on the subject, "What is Behind the Spirit of Rebellion?"

The public is invited to attend all sessions, free of charge.

**DECLARE DIVIDEND**

NEW YORK, N. Y. — The Directors of Southern Railway Company declared the usual quarterly dividend of 75 cents a share on the common stock, payable on June 15, 1971, to stockholders of record on May 14, 1971. It was announced by W. Graham Clayton, Jr., Southern's president.

I have noted with keen interest the several recently published statements concerning our good Mayor and his "Plunging Progress". If he will continue his efforts wholeheartedly! Mayor John Henry Moss has certainly changed this town for the better since our family moved here in 1937. We remember quite vividly the lack of opportunity and proper civic facilities prior to Mayor Moss' "Plunging Progress". If "Plunging Progress" creates new jobs, increases revenue to the municipality through sales of utilities, attracts new industry and new citizens, and in general, upgrades our fair city to the high standards that others are so vigorously seeking, then I have no objections.

Our Mayor has been called a "Promoter". Sure he is! How could

Sincerely,  
Kelly A. Bunch

## Liberty Notes Earnings Up

GREENVILLE, S. C., May 3—The Liberty Corporation today reported a 12 per cent increase in consolidated net earnings for the first quarter of 1971.

Earnings totaled \$1,580,000, equivalent to 22c per share, as compared to \$1,406,000 or 20c per share during the first quarter of 1970.

Gross revenues were \$25.24 million, up \$3.88 million from 1970's \$21.36 million, an increase of 18 per cent over the comparable period for 1970.

Liberty Life Insurance Co., major subsidiary of The Liberty Corporation reported sales of \$128 million during the quarter. Total insurance in force reached \$2.98 billion.

Increased earnings were reported by Cosmos Broadcasting Corporation and La Marick Beauty System, Inc., other subsidiaries of the corporation.

Francis M. Hipp, chairman of the board of The Liberty Corporation, termed the first quarter results favorable and expressed optimism for a good earnings year for the diversified holding company.

## Bancorp Announces Higher Income

First Union National Bancorp, Inc. has taken an unprecedented step emphasizing the importance of North Carolina's ecology. The Board of Directors last week approved a resolution which could affect the lending policies of First Union National Bank to business and industry if they pollute air, land or water. The resolution allows the bank to make extra money available to prevent present and future pollution.

The action is seen as a positive step in preserving the ecology by making pollution a recognized problem in industrial and commercial development and offering a solution to the problem through the use of bank credit.

The staff of the Institute for Environmental Studies at UNC Chapel Hill has been and will continue to assist the bank in implementing the program.

C. C. Cameron, Chairman of First Union National Bancorp, will contact presidents of other banks across the state and urge them to consider similar action with their directors in an effort to involve the entire banking community in halting pollution.

**BANKER'S RESOLUTION ON ECOLOGY**  
First in considering requests

for credit for any industrial or commercial project. First Union National Bank will, to the best of its ability, satisfy itself that, by virtue of granting such credit, no significant pollution of air, land or water will result.

Second, when significant pollution may result, we will make every effort to offer alternative programs to avoid such pollution and will stand ready to advance an amount of credit additional to the original request to finance changes necessary to carry out the alternative program, assuming the additional credit is within the ability of the customer to repay.
