

LETTER TO THE EDITOR

Editor,  
Dear Sir:

I have been reading with interest the account of the filming of a movie in our city. From the information I gather by reading the news releases and news stories on this project, it is apparently assumed that all the citizens of Kings Mountain are to be "agog", "excited" and/or "proud" that such an event is happening "right here before our very eyes," as one writer expressed it. Since the avowed purpose of the producers of the film is to "get an 'R' rating for the film based on the dialogue" and since, according to newspaper reports, the film depicts prostitution, murder, drunkenness and other degrading crimes and immorality, "proud", "excited" and "agog" are not the proper words to express my feelings of this production in our city. Words such as "outrage", "appalled", "dismay" and "indignant" would best describe my attitude toward this endeavor which is taking place "right before our eyes."

ly is to be pictured in this film will only weaken and tend to destroy their moral fiber. It is also well known that the "R" rating on a film is no barrier to youngsters under the age guidelines who are willing to pay the admission price. The operators of movie houses are in the business to make money and most of them don't turn much away.

We are our brothers keepers, even tho' some people would rather forget this responsibility and become "clippers" of their brother rather than "keepers." It seems to me that immoral movies are a matter of public conscience and morals, just as I believe the public sale of alcoholic beverages is a moral issue. The privilege to vote for or against A.C.C. stores is given us but we are not allowed a voice in the decision to film and display immoral movies. I, as a citizen, wish to raise my voice against and cast a resounding "No" vote in regards to this matter! I don't like such junk being done in the city I live in and before the eyes of the people whom I love and who's moral and spiritual welfare I am zealous of lifting instead of lowering.

I know the cry will go up that I am trying to tell others what to do and what to think and how to live. Well, aren't those who produce and make "immoral" films guilty of telling people what to think and how to live? If they have the right to try to influence people to prostitution, murder and crime, then certainly

A Tarboro homemaker, mother of six, had a hard time managing the small check she received from Social Services until she was enrolled in the Expanded Nutrition Education program.

Before she visited with program aides, the homemaker very seldom, if ever, purchased milk or fresh vegetables for her family.

After talking with the homemaker last summer, the aide found out the family could use the land behind its house to plant a garden. As the vegetables were harvested, the women was able to freeze and can enough to supply her family through the winter months.

Encouraged by her last year's results, the homemaker eagerly planted another garden this spring.

The women gives extension aides and agents credit for showing her another step in life that will help her and her children live a little better, adds Evelyn Wilson, associate home economics agent.

**Fair Premiums Will Total Near \$8,000**

The Gaston County Spindale Center fair, which opens Sept. 9 to run for eight days, is offering nearly \$8,000 in premiums to farm, home and club exhibitors.

The emphasis is changing to industry, but there will be no reduction in the number of agriculture and club exhibitors, according to Dennis Partlow, fair manager.

"Although we are changing the emphasis to industry," Partlow said, "we are continuing to pay between \$7,000 and \$8,000 to farm, home and club exhibitors and expect to devote just as much space as last year to these exhibits."

Mrs. Fred Morrow, exhibit supervisor, is inviting hobby, garden and home demonstration clubs to plan now to enter exhibits and home demonstration clubs to plan now to enter exhibits. She said that the fair will pay the clubs \$75 first prize, \$60 second prize, and \$50 third prize for the best exhibits in each category.

**Tom Hinton Tuba Student**

Thomas Hinton, son of Rev. and Mrs. Russell Hinton of Kings Mountain has been a student at the Brevard Music Center from June 26-August 13. The 17-year-old has participated in student orchestra and tuba study.

The Brevard Music Center concluded its 36th year with a unique international reputation as an educational and performance center for young musicians who are now members of virtually every important symphony orchestra, opera company and faculty members of innumerable colleges, universities and conservatories.

The limited enrollment of 300 students is served by a faculty staff of more than 100, insuring individual attention instruction.

"Every club that enters," she said, "will get \$25 if they don't win one of the first three prizes." Exhibits should be brought to the fairgrounds on Thursday and Friday, Sept. 7 and 8. Parish exhibits will be accepted until 11 a.m. on Saturday.

The fair will have one tent for industrial exhibits.

**WE APPRECIATE THE EFFORTS OF NURSES**

Some of our most favorite persons are the nurses. They never seem to feel they have done enough and are always trying to do something more. They never seem to tire or lose their cheerfulness.

In the broad category of nursing there are those with Ph.D.'s college degrees, hospital diplomas, a greatly increasing number of licensed practical nurses and to further complicate things, more and more males are now in the nursing profession. One and all we greatly appreciate their efforts and feel privileged that a great many nurses have chosen us to be their personal pharmacy.

DOCTOR CAN PHONE US a delivery. We will deliver daily without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
