\*With proper care and normal driving, you will get at least 40,000 miles of tread wear from new, first-class Custom Power Cushion Polysteel tires on your car. If you don't get 40,000 miles - and provided you were the original buyer of the tires and they are still on the original car - bring the tires and the policy booklet (with recorded mileage readings) to

any Goodyear Service Store or Dealer in the United States or Canada. They will give you credit for mileage not received on the purchase of new Custom Power Cushion Polysteel tires, based on Goodyear's "Pre-determined Price for Adjustment". A small service charge may be added. Copies of this policy are available at all Goodyear locations.
