Weekly Health Tip

By WILSON GRIFFIN

To avoid ingrown toenails, trim them off blunt and straight, not oval or rounded. Be sure the entire front edge of the nail is exposed clear across so that the corners are not digging into the flesh. Avoid tight shoes and tight stretch hose, especially for children. If the toes have no room to grow, they can only be compressed and deformed.

After you see your doctor bring your prescription to **Griffin's Drug Store**
