INTERIM APPROPRIATION ORDINANCE
 SECTION I
 That in order to operate the city from July 1, 1973 to the date of the adoption of the 1973-74 budget ordinance, appropriations are hereby made for the purpose of paying salaries, the principal and interest on indebtedness, and the usual ordinary expenses of the city of the same rate of expenditures as provided for in the budget for 1972-73 fiscal year. This ordinance shall cease to be effective from and after the adoption of the 1973-74 budget ordinance and all expenditures made in accordance with the adoption of the 1972-73 budget ordinance.

Adopted this the 25th day of June 1973. 6:28

Meat supplies are expected to increase later this year but probably not as much as earlier predicted. The smaller increase is felt to be due to the net effect of a number of related events in recent months, including the consumer meat boycott, slowdown in marketings, ban on the growth stimulant DES for cattle and severe late winter weather and spring flooding.
