DO YOU HAVE ENOUGH ENERGY?

Although the world is experiencing an energy crisis and it has imposed difficulties in the way most of us lead our everyday lives, there are still a few areas where energy should be plentiful. Do you wake up each morning with that personal "get-up and go," "I'm ready to face the day?" Or, do you feel tired out before you start?

Sometimes, a lack of energy can possibly be due to certain deficiencies in your system. Your physician can usually determine what it is and recommend a vitamin preparation or tonic to help you overcome it. We always have on hand a very large supply of these products.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
