

## Wade Ford Earns DSA From Company

Wade Ford has received a 1975 distinguished service award from Ford Motor Co.

### Taxes Devour Grocery Profits

The \$130 billion burden imposed on business and taxpayers to keep records, file reports and comply with government regulations would be enough to give every man, woman and child in the country free groceries for a year and still leave some change left over.

That's what William S. Mitchell, president of Safeway Stores, Inc., told a recent stockholders' meeting.

In attacking government regulation and tax policies, he charged that new Securities and Exchange Commission rules will force his company to spend money preparing a "make believe" report on the current replacement costs of assets.

Lamarr Pierce, zone manager for Ford, presented the huge framed certificate to Wade Ford owner Wade Tyner.

The Kings Mountain dealership was one of only 45 in the 180-dealer Charlotte zone to be nominated for the award. The award reads "In recognition of progressive management . . . modern sales and service facilities . . . sound merchandising practices . . . high quality standards . . . and continuing interests in rendering superior service to Ford owners."

Tyner commented, "I'm very appreciative to Ford Motor Co. for the award, but I'm more appreciative to all the people who work at Wade Ford for making this possible. This award is not for me but for the dealership. It was a combined effort of all the people."

ACCEPTS AWARD — Wade Tyner, right, owner of Wade Ford, accepts 1975 distinguished service award from Ford Motor Co. zone

manager, Lamarr Pierce. The KM dealership was recognized for its total performance in sales and service and customer relations.

## Get Azalea Beds Ready To Plant

The plants may not be put in them until next spring, but you can go ahead with preparation of beds for azaleas.

North Carolina State University extension horticulturists suggest rototilling to work the bed into good planting site.

Of course, you can do it with a shovel or other tool, if the rototiller isn't available.

If the soil is poor and hard, it will pay in the long run to work in a three or four-inch layer of organic matter. Peat moss

or old sawdust are two materials that work well.

If you use fairly new sawdust, nitrogen should be added to the soil for the first two or three years. New sawdust has a way of tying up nitrogen as it rots.

ELECT DISTRICT  
HELEN S. COURT JUDGE  
CUNNINGHAM 27th JUDICIAL  
DEMOCRAT DISTRICT

The 27th Judicial District has established a special court to hear juvenile cases. This meets a real need in the judicial system. Juveniles and their family members who come before the court need a judge with experience, concern and interest to hear them. Helen S. Cunningham is that person.

JOHN EAKER  
Democratic Candidate  
For  
STATE SENATE  
25th Senatorial District

(Cleveland, Gaston, Lincoln & Rutherford Counties)

(Paid Pol. Adv. by John Eaker)

## Charlotteans Charged With CB Radio Larceny

Larry Hoffman, 28, and Ronnie Bolick, 19, both of Charlotte, have been charged with larceny of a CB radio from a 1967 Ford owned by Alice Dover Farris, 1000 First St., while Mrs. Farris was shopping at KM Plaza.

According to KMPD, a witness to the incident called police and Ptl. B. G. Benton responded to the call. The two men, who were riding in a Canada Dry truck operated by Hoffman who is an employee of the company, were picked up in Shelby at The Pantry.

Both were jailed in lieu of \$200 bond. In other law en-

forcement activities, Russell B. Putnam, Rt. 3, Box 449, reported to KMPD that while he was vacationing his '74 model golf cart was removed from his Golf shed and damaged approximately \$200. The cart was recovered between No. 8 and 10 tees at KM Country Club Golf Course by a golfer recognizing the equipment.

Kathie Mitchell, 465 Pine Manor Apartment, reported to KMPD that while her vehicle was parked in front of her residence that an attempt was made to cut the ignition wires and "straight wire" the vehicle. Minor damages were reported.

James D. Carter, operator of Bonnie Mist Car Wash at 611 E. King St., told KMPD that an attempt was made to break into the money

boxes at the automatic car wash during the night of Aug. 3 and the machines were damaged approximately \$50.

Hosiery  
Styles Fit  
All Ages

From nursery school through college, students can dress their feet and legs this fall in a variety of hosiery styles that combine fashion and fun with functional practicality, according to the National Association of Hosiery Manufacturers.

The ankle is more than holding its own in the fashion picture as a place to express individuality. Just ask any student from elementary school on up. Socks rate high among accessories.

Stripes continue to make big news in hosiery for the younger set, and leading the way is the rugby stripe. The alternating bands of two rich colors, topped with white to correspond to the collar of the classic rugby shirt, are seen on socks of every size, fiber combination and weight. Similarly, scarf stripes — wide swaths of bright colors and, in some cases, intricate patterns — coordinate with mufflers, and sometimes gloves as well, for a put-together look on the coldest winter days.

Striped top sports socks, of course, remain a favorite among all age groups. Often with a terry cushion-foot construction for comfort while running and jumping, these socks come with colors to match those of favorite teams; cartoon decals; player numbers; and sport hero identifications. One of the newest additions is a side pocket.
