**In Monday Night Meeting  
Commissioners Purchase  
Vans for Aging Program**

In Monday night's meeting the board of commissioners considered a 10-item agenda.

The board voted to award a contract to Western Carolina Tractor Co. for a vibrating roller for use in street department work. The bid price was \$2,156.50.

Two bids were received on the equipment last month and action delayed until a practical demonstration could be given.

No action was taken on bids from eight different chemical suppliers for all chemical products to be used by the city during the coming year.

The chemical companies could not give firm prices on the products for a 12-month period, according to one spokesman.

The board voted to receive bids on the R-96, Cansler St. Project, as tabulated by Ralph Whitehead and Associates, engineers for the Kings Mountain Redevelopment Commission.

Mayor John Moss said the bids have been adjusted by dropping several items from the specs and that the adjustment reduced the city's share of

the overall contract fee from \$186,879.06 to \$171,099.25.

"This figure is well under the Community Development Block Grant budget," Mayor Moss said.

A contract for sewer pipe, fittings and manholes for the city's work in the Cansler St. project will be awarded at a later date, commissioners decided Monday night.

Three firms bid on the items: B&H Carolinas - \$15,247.65; Pump & Lighting - \$15,071.07; and Supply Specialties - \$15,278.05.

The bids were received, but Commissioner Bill Grissom was the lone "No" vote to the delayed award action.

Jerry Nation Chevrolet Co. of Kings Mountain was awarded the contract for the purchase of two 1977 Chevy vans for use in the senior citizen and child-based home care programs.

The total price was \$13,500, for the two vans, both of which are 12-passenger vehicles.

The Rev. Kenneth George asked the board to consider two vans from the highest of the three bidders

because those vehicles offered 15-passenger accommodations. He said the larger vans would cut down on the time and trips spent transporting participants in the aging and child based programs.

The city's CD program will pay for the vehicles over a two year period.

In other action, commissioners passed a resolution for the purchase of 12,500 square-feet of land adjacent to city hall from the redevelopment commission.

No purchase price was disclosed. The adjacent property is being considered for use under expansion planning of local government facilities.

The board authorized

submission of an application for a grant for a Governmental Services Facilities Building.

The application was approved by the Isothermal Region C Planning Commission in Rutherford County this week and is in the hands of the Economic Development Administration in Raleigh.

The application is for \$999,250 for construction of a new city hall.

The board authorized advertisement for bids for materials and supplies for extending increased electrical services to the site of a new shopping center, now under construction, at the corner of E. King St. and York Rd.

**Pic 'N Pay Has  
Record 1st Quarter**

Pic 'N Pay Stores, Inc. (AMEX) had the highest sales and earnings for any first quarter in the company's history, Alvin E. Levine, president of the self-service shoe chain, announced today.

September 26, 1976 sales were \$12,876,000 compared with \$10,125,000 a year ago. Net income was \$772,000 or \$.26 per share compared with \$615,000 or \$.21 per share in last year's first quarter.
