

FIVE YEAR AWARDS — Pictured are six employees who received their Five Year Service Awards from Spectrum Textured Fibers, Inc. From left to right are: Albert Anderson — Finishing Supervisor, Nancy Acuff — Industrial Engineering, Lawrence Stewart — Package Dye Department, Melvin

Sizemore — Plant Engineering, Buford DeFore — Vice President Manufacturing, Danny Biddix — Shipping Department, and Frank Styers — Quality Control Technical Representative. Not pictured is Woodrow Brown — Shipping Department.

Organization, Development Course Offered

Due to a great deal of interest which has been expressed in the community in establishing an advocacy system, Cleveland Tech has announced the course Community Organization and Development, which begins Mon., Jan. 17, from 7 to 9 p. m. at Tech's Uptown Annex. Jim Ledford will instruct. It will deal with the major issues involved in advocacy, from planning comprehensive programs to provide more effective services on the local level, to the need for advocacy on a one-to-one relationship in special situations.

In recent years, there has been a movement to provide a voice for those persons within our society, who, heretofore, have not been able to speak for themselves, or who were prevented from doing so. Among the groups these

movements have advocated for all racial minorities, the handicapped, and, most recently, children.

In North Carolina, the Governor's Advocacy Council on Children and Youth (GACCY) is mandated to advocate on behalf of the state's children and youth to provide a mechanism where a high profile may be obtained for unmet needs. Realizing that this is a very demanding position, and realizing that one State Council on Developmental Disabilities have moved to establish an advocacy section within its organization.

Persons, 18 years of age or older, interested in this course may register at the first meeting of the class paying the \$5.00 registration fee.

SAFE WORKERS — Employees of Spectrum Textured Fibers, Inc. recently were presented an award for 410,000 safe man hours. Buford DeFore, Vice President of Manufacturing is shown receiving the award from John Sayers, Senior Safety Consultant with Em-

ployers Insurance of Wausau. Others pictured from left to right are: Blake Robbins — Maintenance Department, Linda McAllister — Quality Control Supervisor, and Alex McCallum — Safety Director.

Snow Brings Students Extra Vacation Time

By CINDIE FALLS KMSHS Correspondent

Students were awarded an extra vacation day on January 3 because of the snowstorm and the following day, Tuesday, classes began an hour later than usual.

The same schedule applied this past Monday. At the senior high first period class was dropped for the day in order for the remainder of the day's class schedule to be on time.

It was also Tuesday (January 4) the KM girls defeated the Shelby girls in basketball 50-35.

Last Thursday seniors filled out a questionnaire, supplying information on all of their individual school activities, honors and awards. These forms

will be printed in the annual this year.

A meeting of the senior class was held last Friday to decide on the class gift, class flower, song, colors and motto.

Saving the decision on the song and gift until a later date, the seniors voted on the following: Colors — black and white, flower — white rose, and motto — I have a dream.

Members of the girls basketball team this year are Frances Byers, Felisa Bristol and Judy Henderson — centers; Nadine Goode and Gayla Roberts — wing; Susan Mitchem, Angela Hickman and Priscilla Rickenbacker — wing-point; and Brenda Young, Lisa Bridges, Sherry Ingram, Phyllis Mack and Roxanne Tate — post.

Car-Train Accident

A Kings Mountain couple, injured in a car-train accident near the Lithium Corporation Plant Sunday, are still listed in satisfactory and poor condition.

Lovida Harrison is in a Charlotte hospital where her condition was reported Monday as satisfactory. Her husband, Larry Harrison, is in Gaston Memorial Hospital listed in poor condition.

The accident occurred about 8:10 p. m. Sunday at the Southern Railroad crossing on Rural Paved Rd. 1402. Mrs. Harrison was driving. Apparently she attempted to beat the

train across the intersection, but the wheels of the vehicle lost traction on the ice and snow. The train struck the car on the right front and knocked it 164 feet.

Mrs. Harrison, who was taken to Kings Mountain Hospital, then transferred to Gaston Memorial and finally to a Charlotte hospital, sustained head injuries and a broken arm. Larry Harrison, 49, suffered a broken leg and shoulder. He was pinned in the car until Bessemer City Rescue workers freed him.

No charges have been filed in the accident.
