St. Matt's  
In Joint  
Program

Saint Matthew's and Resurrection Lutheran Churches joined the more than two hundred Lutheran congregations in North Carolina Sunday to launch a national program of the Lutheran Church in America. Strength for Mission, as the program is entitled, will challenge each parish of the Lutheran Church in America to examine its faith and life and then to provide the opportunity to respond to the urgent need of the church on a local national, and global basis.

The observance planned for Sunday in both Saint Matthew's and Resurrection Churches introduced Kings Mountain Lutherans to the overall objectives of Strength for Mission.

The concept of Strength for Mission was created by the grassroots membership of the Lutheran Church in America. Church conventions in both 1974 and 1976 responded to resolutions and proposals for the need of such an emphasis. The 6,100 congregations of the L. C. A. will spend the remainder of 1977 in the "Education and Motivation" phase. A financial goal of \$25 million dollars has been set by the church to stimulate and extend the mission activity of the church.
