With Comfort And Style.....

earth-tone floral wallpaper of gold, rust and greens. Rust placemats with rust and white cloth napkins enhance the decor. Centering the table is an artificial arrangement of baby's breath, moneytree branches, brown wooden flowers and rust silk flowers in a pewter container.

The family Great Room is rust carpeted. An antique iron and shoe horn are used on either side of the distinctive rock fireplace with an 80-year-old tool chest handed down in the Sanders family as accent. A handmade pine table, which was handed down in the Rhea family, is also featured, along with chairs and sofa of blending rust, brown and beige tones. An old timey wooden keg filled with sea oats and wheat is at the head of the banistered stairs. Over the fireplace is a macramed owl and a Fall arrangement is over the mantel. Eggshell drapes are woven with threads of rust and green.

The U-shaped kitchen with harvest gold appliances and knotted pine cabinets is compact and decorated with eggshell macrame curtains which Linda made and also uses in her vanity and bath. A new addition to her kitchen is a microwave oven which the whole family, including Mrs. Sanders' mother, Mrs. Grady Rhea, Sr., is learning to enjoy.

Leanne's bedroom carpet and walls are powder blue featuring a canopy bed with white eyelet canopy and blue dust ruffle, powder blue coverlet and antique white furniture which Mrs. Sanders refinished herself. The window curtains are of Indian sunburst print with rust and blue accents.

Mrs. Grady Rhea's bedroom carpet is also rust with wallpaper of a floral rust and beige and brown. Her mahogany poster bed has a beige coverlet and beige dust ruffle with rust throw pillows. Beige eyelet curtains further emphasize the decor and the bedroom chair picks

up the green leaf motif in the wallpaper.

The master bedroom is enhanced by glass doors which open onto the wide deck. Rust carpet and vinyl wallpaper of floral and stripes of white, blues, rust and greens are featured. The bedspread and sliding glass door curtains are beige and the large vanity and bath adjoins decorated in powder blue fixtures and white roomy cabinets. A bedroom chair is rust and deep gold striped. A table with a skirt to the floor is beige and trimmed with rust and deep gold to match the chair.

Mark's spacious room on the lower level is paneled and decorated with red, yellow, blue and beige-striped carpet plus a sweeping view of the lake. Beige curtains, red corduroy bedspread, and red, beige and black throw pillows are used. Mark, who plays drums along with his father in "Blue Velvet Express," has an ideal place to practice his music as well as entertain his

friends. Mr. Sanders, instrument supervisor at PPG for 18 years, plans to use part of the large downstairs area for a boat garage, a workshop, and for a large recreational room the whole family can enjoy. A round hearth features the fireplace in the playroom which also has sliding glass doors. A shower for Mark has also been installed here, along with a refrigerator.

Mrs. Sanders said that by decorating with custom-made windows on the front of the house and bow-type windows at the back, she cut down on costs of draperies and curtains, using them only to cover the sliding glass doors which opens from both the living area and the master bedroom onto the deck.

Constructed of brick, rock and cedar siding, the Sanders home has a natural look in a natural setting. "We plan to spend our vacations at home now," said Linda.

Who could want a better vacation spot 365 days of the year?

Home S&L Plans New Office

Home Savings and Loan Association announces plans to build a new home office.

The Association has purchased property on W. King St., between Sims St. and Kings Mountain Hospital. The present home office, located at 106 E. Mountain St., will be maintained as a full service branch, as will the existing branch located in

Bessemer City.

Association President Tom Tate stated "When we moved into our present building in October, 1961, we had three employees with assets of less than \$8,000,000. Now we have thirteen employees and assets of \$86,000,000. It's obvious we've outgrown our present facilities." Tate added "Our Association

has doubled in size just since 1971. We must expand in order to serve our present and future customers, as well as allow for continuing growth."

Final details of plans for the new building are presently being completed.

A two story building with a colonial theme is planned.
