How are burglars doing these days? Excellent, thank you! There are well over three million burglaries a year and it's getting worse! In fact, the next victim could be you.

By not being as alert as we should be, we actually make it easy for Burglars to work. Here are several things we need to give more attention to when we are going to be away our residence.

Unlocked door and windows — make entering your house very simple to the least experienced burglar.

Obvious signs of absence give burglars an ease to be able to work over your home. These signs could be newspapers left in yard for several days, milkman continuing to deliver milk and milk remaining outside, mail left in mailbox for several days and others that go unmentioned.

A lack of interest of your neighbors helps insure time for the burglar to work.

Failure to cooperate with the Police quickly causes loss of valuable time and makes more difficult the Police's investigation.

The inability of being able to identify properly or describe personal property that has been attacked. Inventories could help make identification and recovery much less difficult.

General Tips to Help Keep You Safe From Burglars.

1. Have Good Safe Locks: A must for all doors! On all exterior doors use auxiliary deadbolt locks. Be sure to LOCK ALL DOORS when you leave — even if you are planning to be out for only a minute.

2. Get New Locks installed when you move into

a house or apartment that has been previously occupied. You have no way of knowing who still has keys to your door.

3. Install Alarms that can be used to detect smoke or entry. Have some type of warning sticker posted on doors and windows that your residence has alarms.

4. Never hide keys outside your house. You may think a burglar would not think of looking under door mats, flower pots, over door moldings, etc., but, if you hide it, a burglar can find it. If you feel you need an extra key, give it to a trusted neighbor.

5. Never leave your house keys and car keys together. This may give an attendant at a public parking lot a chance to have a duplicate key made for your house. Your address can be quickly obtained from your license plate number. Then you are a target for being burglarized.

If you plan to be away from your home for a period of 24 hours or more, please contact the Kings Mountain Police Department Crime Prevention Office at 739-3636 or 739-7444 for a Home Security Check.
