William Conn Named Engineering Manager

William (Mike) Conn has been named to the position of manager of engineering and product development with Carmet Company-Minetool Division, Kings Mountain, according to Jerry J. Schweiner.

Schweiner, vice president & general manager of the firm, indicates Conn will direct all engineering management for Carmet, as well as development of new products.

Carmet, a division of Allegheny Ludlum Industries, Pittsburgh, Pa., is headquartered in Kings Mountain, with manufacturing facilities in that city and Bluefield, Va. Warehouses and district sales offices are located throughout the country. The firm's products include various tools for the coal mining industry.

WILLIAM CONN

Allegheny is a widely diversified international company with more than 40,000 employees at 180 locations in the United States and abroad, with

annual sales in the range of \$1.5 billion.

Conn previously spent fifteen years with Dresser Industries in Dallas, Tex. Most recently he was chief engineer, mining services and equipment division. Previous positions included engineering in new products, and development and design engineering.

Conn is a Registered Professional Engineer in Texas and a member of the American Society of Mechanical Engineers. He is credited with four patents. A graduate of Texas A & M in 1963, he has a Bachelor of Science degree in Mechanical Engineering.

Conn will relocate to North Carolina with his wife, and two teenage sons.
