## Adult High School Program Successful

Mrs. Virginia Butler of Route 2, Lawndale, has finished the Adult High School program held at Casar School. She is scheduled to receive her adult high school diploma from Burns High School at Cleveland Tech's spring graduation.

When asked why she decided to return to school Mrs. Butler said, "I wanted to obtain my high school diploma for personal satisfaction. I also wanted to become a teacher's aide and being a high school graduate is a major requirement."

"It is my desire to someday work with the smaller children in the elementary school. I feel I can help the kindergarten through the third grade

child and a teacher's aide position would be a 'top job' for me."

Mrs. Butler found the time in the adult high school classes at Casar were worthwhile, but it was difficult working full time at Hickory Springs Manufacturing, attending classes, and meeting the needs of her family.

"The adult high school program is most worthwhile and it gave me the opportunity to prove myself," concluded Mrs. Butler.

Cleveland Tech sponsors the adult high school program at seven locations across the county. For those adults who need the adult basic education, school work through the eight grade level, ten class locations are available in the county.

Persons interested in either the adult basic education or the adult high school program are requested to contact Mrs. Louise Martin, 482-8351. Registration is open for these programs through the week of Monday - Thursday, April 16 - 19 for adult high school students and the adult basic education program operates with an open registration at all times. A registration fee of \$5.00 is charged to both adult basic education and adult high school programs.
