# \$ THE LIBERTY ACCOUNT

THE INTEREST/CHECKING PLAN FROM INDEPENDENCE NATIONAL BANK.

# NOW, EARN INTEREST ON ALL THE MONEY YOU PUT IN THE BANK.

Independence National's new interest/checking account may be the shot heard 'round the banking world: we call it our Liberty Account because it frees all your available funds to earn interest.

It works like this: You'll still maintain two accounts — checking and savings — but now, until you write a check, all your funds remain in savings earning 5% interest. As you write checks, funds are instantly transferred to your checking account to pay them.

Your checking balance remains at zero before and after we pay your checks and all your money stays where it does you the most good — in savings.

If you maintain a \$2,000 savings balance, your Liberty Account service is absolutely free. A lower balance will be charged \$3.00 per month plus 14¢ per check.

If you prefer, you may elect to use your Liberty Account for overdraft protection alone, with transfers made only when your checking balance is not sufficient to cover a check you've written. The charge is only \$1 per transfer.

Your Independence National banker can provide all the details about our new Liberty Account. Stop by soon.
