**FIRE BRIGADE**—Pictured is Kinmont Industries Fire Brigade, recently organized by female employees of the firm, and probably the only predominately women's fire brigade in the city. Front row, from left,

Barbara McDonald, Alice Drum, Bonnie Owens, Diane Russell, Peggy Trusdale, and Linda Barnette. Back row, from left, James Watkins, Tim Boyd, Joe Bell and Mike Trusdale.

### Bricklaying Course Scheduled At Cleveland Tech

A bricklaying course for men and women has been scheduled to begin Monday, May 7 at 9 a.m. in the bricklaying building on the Cleveland Tech campus.

The course, sponsored by Tech's continuing education department, will

last for 11 weeks with classes meeting Monday and Tuesday mornings 9 a.m. to noon. Guy Wells a long time brick mason and experienced teacher will instruct the classes.

The course is geared to

practical work in how to mix and spread mortar, lay bricks and blocks, and proper use of the masonry rule. Simple construction projects will constitute a large part of the course.

The only charge for the

66-hour course is the usual \$5 registration fee payable at the first class meeting. Persons age 65 and older are exempt by state law from paying the fee. Additional information may be obtained by calling 482-8851 Monday through Friday, 8 a.m. to 4 p.m.

### In Search of The Living God

By DON KISTLER

## There Is No Such Thing As Up Or Down

The pull of gravity causes us the terms "up" and "down" or "above" or "below". That is why men in space capsules are weightless, because there is no "up" or "down" anywhere.

The Theory of Gravity: It may be caused by a great mass of earth, rock and metals. And there are about 400 miles of rock, metals, etc., which form the crust of the earth.

Inside the Hollow Earth very little if any gravity is required. The centrifugal force of our whirling earth tends to push all things against the inner surface of the earth.

That song called, "Just Over In The Glory Land" is absolutely true. The Glory Land of Paradise is over across from us. It is neither up or down.

Study a globe of the world. It makes one complete turn every 24 hours. As this big world turns over each day, we turn over with it. This world and we who live on

it never remain still, or in place one place for one second. This very moment we are about 1000 miles from where we were one hour ago, or 6000 miles from where we were six hours ago etc.

If you attempt to explain this to any one do this: Draw a large circle. Put a black dot on the circle. This dot represents your location on this earth. The place where you live clings to this whirling world by means of gravity. As we turn, we are always across from Paradise.

Many of the things we print in the Mirror Herald may not be yet seen by other believers, but we stand on the Rock (Jesus). We are grounded in basic truths of salvation (Yeshua).

We at the ministry of Positive People Worldwide wish not to debate, nor to destroy any orthodox Bible truth. But we as a body, promote and teach greater truth not yet known to believers.

## Padgett Completes Requirements

Dr. Phillip G. Padgett of Kings Mountain has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 180 hours of accredited continuing medical study every three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, was

the first national medical group to require members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., was instrumental in the establishment of a new primary specialty in family practice in 1969. The new specialty is ex-

pected to increase the numbers of family physicians available to serve the public in the future. The Academy's continuing education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

RESPONSIBLE PERSON

Wanted to own and operate candy or confection vending route. Kings Mountain and surrounding area. Pleasant business. High profit items. Can start part time. Age or experience not important. Requires car and \$1495 to \$4995 cash investment. For details write and include your phone number:

Eagle Industries  
7515 Waysata Blvd.  
Minneapolis, Minn.  
55426

## Training Seminar Scheduled

The Continuing Education Department of CVleveland Tech has scheduled a training seminar for secretarial and clerical personnel for Wed., May 16, at 9 a.m.

The class will meet at the Shelby Elks Club, and will conclude about 4 p.m. This is a new program developed by Dr. Robert Kline which is designed as a follow-up to his other fine

programs. Topics for discussion will include files management, word processing (mail processing and postal and shipping services), human relations, and decision making.

Dr. Kline is professor of Business Education in the department of Business Administration at Winthrop College, and is a very capable lecturer and

seminar leader. He has conducted several successful programs in Shelby.

Cost for the program will be \$25 and will include the registration fee, lunch and all materials. In order to plan for the noon meal and prepare materials, contact Cleveland Tech's Continuing Education Department (482-8351) on or before Fri. May 11.

# THE LIBERTY ACCOUNT

THE INTEREST/CHECKING PLAN FROM INDEPENDENCE NATIONAL BANK.

# NOW, EARN INTEREST ON ALL THE MONEY YOU PUT IN THE BANK.

Independence National's new interest/checking account may be the shot heard 'round the banking world: we call it our Liberty Account because it frees all your available funds to earn interest.

It works like this: You'll still maintain two accounts — checking and savings — but now, until you write a check, all your funds remain in savings earning 5% interest. As you write checks, funds are instantly transferred to your checking account to pay them.

Your checking balance remains at zero before and after we pay your checks and all your money stays where it does you the most good — in savings.

If you maintain a \$2,000 savings balance, your Liberty Account service is absolutely free. A lower balance will be charged \$3.00 per month plus 14¢ per check.

If you prefer, you may elect to use your Liberty Account for overdraft protection alone, with transfers made only when your checking balance is not sufficient to cover a check you've written. The charge is only \$1 per transfer.

Your Independence National banker can provide all the details about our new Liberty Account. Stop by soon.
