Program Funded Again

The local SCSP will be funded for another year.

The SCSP is an employment program for citizens 55 years old

and above who qualify by income levels. The project is funded by the U.S. Department of Labor and sponsored by the N.C. Division of Aging.

Connie Putnam, local SCSP project director, said the primary goal of the project is to subsidize those persons 55 and above who live on a low income, by supplying parttime work.

The City of Kings Mountain and Cleveland County will be awarded 10 positions with host agencies who will contribute a percentage of the local 10 percent match. The Department of Labor will provide 90 percent of the approved budget.

Positions approved have job descriptions, and host agencies who commit themselves to furnish parttime employment, and supervision for the Title Five enrollee for the fiscal year.

Ms. Putnam said there is one position available now as security guard at the Kings Mountain Citizens Service Center.

The income guidelines are as follows: If you are 55 or older and present income does not exceed \$3,100, if you live alone, or \$4,100 for a family of two, annually, apply at the Kings Mountain Community Center, or call Ms. Putnam at 739-8246.

At West School

Rotary Run Sunday

At 3 p.m. Sunday the runners will begin. That will be the start of the first annual Kings Mountain Rotary Club Run at West School.

Charles Mauney, run chairman, said 200-300 persons of all ages are expected to compete in the event. Mauney said the club has already received entries from Raleigh, Salisbury, Charlotte, Rutherford County and Rock Hill, S.C.

"We have not had that many local people to enter," Mauney said, "but we expect the majority of the entrants to pay their fee on race day."

The event features three different categories: a one mile fun run; a 3.1 mile run (5,000 meters); and a 6.2 mile (10,000 meters). Mauney said all three runs will begin at the same time from the starting point on W. Mountain St. at West School. The runs will finish back at the starting point.

Mauney said the three and six milers will start at the forward position, approximately 100 yards ahead of the one-milers. "We will request the slower or average runners to allow the faster runners to go to the front," Mauney said. "We feel this will help prevent injuries."

The one-mile course is along W. Mountain to Sims St., then left to W. Gold St., left on Gold to Canler, then left to W. Mountain, then left again on Mountain to the finish.

The three-mile course is Mountain, then left on Phifer Rd., then left onto Landing St. and follow the road signs which will bring runners back to Canler, then to Mountain and the finish.

The six-milers will follow the road signs along Phifer Rd. to Maner Rd. and the signs, which will bring them back to Phifer, then to Landing to finish the run along the three mile course.

Bronze, Gold and Silver medals will be awarded the first three finishers in all age categories and Rotary Run T-shirts will be given to all contestants.

Entry forms are available at all five banking and savings and loan institutions and at all schools in Kings Mountain. The entry fee is \$5.
