City Paying Consultant Up To \$60 Per Hour

The City of Kings Mountain is paying up to \$60 per hour for a personnel consultant to advise Mayor John Henry Moss and the Cost-Efficiency Committee on equal employment matters.

The City Board of Commissioners last week, by a 4-2 vote, authorized the Mayor to take

whatever actions he deemed necessary to cut the cost of city services.

Commissioners Jim Childers and Norman King voted against a recommendation by the Cost-Efficiency Committee, which is comprised of Commissioners Jim Dickey, Humes Houston, Corbet

Nicholson and Moss.

The committee, without authorization of the full board, had earlier hired Employers E.O. Services Inc. of Charlotte and Winston-Salem, specialists in equal opportunity compliance management, to advise the city on how it could dismiss

employees without danger of having the termination appealed to the Equal Employment Opportunity Commission.

E.O. is charging the city \$60 per hour, plus 25 cents per mile travel, for professional legal services. For technical assistance, its fee is \$20 per hour plus 25

cents per mile travel.

The city employs three other consultants. W.K. Dickson and Company serves as the city's water and sewer and street construction and maintenance consultants. Southeastern Consulting Engineers Inc. is the city's electrical services consul-

tant, and Heath and Associates is the gas service consultants.

Heath charges \$250 per day, plus 22 cents per mile; Southeastern's fees range from \$360 to \$314 per day; and Dickson's fees are \$40.95 to \$21.42 per hour, plus 17 cents per mile travel.
