

Grand Opening Set At Skin Care Center

Grand opening of the Scissor Smith Skin Care Center, located in Scissor Smith Salon in the Blazer Building, will be held Monday from 11 a.m. until 4 p.m.

Arlene Smith, owner and manager, said Skin Care Technician Sheree Nicholson and other members of the staff will be demonstrating a new line of professional skin care products, including the city's first tanning booth.

Door prizes will be given. Mrs. Smith said the tanning booth operates with specifically manufactured tanning bulbs that emit mid-range ultra-violet rays—the same rays that tan skin when it is exposed to the sun.

However, she said, booth tanning is a cool process because the bulbs, unlike the sun or sun lamps, put out no heat. Tanning is controlled to prevent sunburn.

Initial lessons in the booth, she said, last from 30 seconds to two minutes. As the skin begins to tan, the salon attendant increases the time in the booth. The usual tanning schedule calls for 20 visits, 10 for a base tan and another 10 to maintain it.

She said tanning booth

devotees are enthusiastic, especially about the convenience of keeping a tan through the winter months. Indoor tanning is not new, she said, as bulbs were used during the Second World War, when doctors in U.S. Army hospitals used bulbs to speed the healing process of wounded servicemen.

The tanning booth, as well as the new skin care center, is open to men, women and young adults, she said.

CRAFT FAIR

Plans are underway to hold an outdoor crafts fair in September at the Back Porch on King Street. Any persons interested in
