Year Of The Hopi On Display At Schiele

1980 marks the Hopi tricentennial, the three hundredth anniversary of the Pueblo Revolt in 1680 when the Pueblo tribes, including the Hopi, overthrew Spanish domination and regained control of their lands. The way of life for which the Hopi fought can be clearly seen

in Mora's beautiful photographs, which reflect a real feel for his subjects' mood and setting. Although masterful in their

lighting and execution, their documentary aspect cannot be overemphasized.

The recent gay beauty contest that was held in Charlotte, N.C. is a definite 'sign of our times'. America has slipped greatly for a Christian nation, which once Trusted in God. Homosexuality is glamorized, spreading and treated by many as accepted behavior.

Life (Dec. 31, 1971) estimated that 2-20 million gays lived in the United States. ABC Nightline (Sept. 29, 1982) gives a more frightening story. They estimate that 10% of the U.S. population is gay.

At their recent annual dinner, the following politicians were on the guest list: Allen Cranston, Edward Kennedy and former V.P. Walter Mondale. Mondale pledged to do all he could to stand against any form of human rights discrimination against gays. One of our large denominational churches has agreed to allow gays to become members of their church. The mayor of Bunceton, Missouri is a professed gay. The citizens of Bunceton say that they do not care what he is as long as he is a good politician.

Washington, D.C. has a large gay community which much political clout. This community gets out in force to raise money for their gay supporting candidates. Many U.S. politicians, especially the liberals, associate with gays and actively go after their vote, support and money. Washington has many gay lobbies to insure their human rights and the expansion of the gay revolution.

The gays are no longer hidden, but public pronounced political activist for gay support and equal rights for gays. America is becoming much like Sodom and Gomorrah. Rev. Billy Graham is reported to have said, "God will need to apologize to Sodom and Gomorrah for the fire He rained on them, if He does not do likewise to America for our gross sins, such as Homosexuality". I think Mr. Graham is right.

Some say gays are sick, or have family problems, or a hormone problem. Others boast that homosexuality is normal, cute, healthy and a desirable form of sexual outlet. God calls it an abomination (Lev. 18:22) and unnatural (Roms. 1:27, II Tim 3:3). In short, God calls it SIN.

Shun such associations, choose your political candidates carefully and pray for America. Do not consider such activity as humorous. Lastly, keep your heart pure in the eyes of God, so much more as we see the day of His return approaching.

For your comments or further help, please write to the church address.
