"It is not merely for today but for all time to come that we should perpetuate for our children's children that great and free government which we have enjoyed all our lives...It is in order that each one of you may have, through this free government which we have enjoyed, an open field, and a fair chance for your industry, enterprise and intelligence that you may have equal privileges in the race of life, with all its desirable human aspirations. It is for this the struggle should be maintained that we may not lose our birthright..."
