

Compact To Be Sold

From Page 1-A

are to be sold, explained Cloniger, a notice must be advertised through the media for four consecutive weeks. The sale, which will take place at the court house or possibly at the school site, will be opened to the public. The highest bid would remain open for 10 days. If the bid is inadequate, the board has up to a year to offer it in a private sale as long as the private bid is as much or is more than the previous bid. Board members hope to spur interest in the property to get the most out of its sale. Board member, Paul Hord made the motion to declare the property as surplus and the motion was seconded. Cloniger said that sale could come in 45 to 60 days if a fair bid is made.

Board members, through a unanimous decision, raised the rent of the principals home that is located behind the Grover Elementary School. The house, rented in late 1980 for \$175 per month, is occupied by the former Grover Chief of Police. Board members decided that any increase of an additional \$50.00 per month would be added. Board members felt that this in-

crease would still fall behind current renting rates in the area.

Davis also announced that Kings Mountain would continue to participate in the Sports Medicine Center program this year. He explained that last year the schools paid \$5,000 into the program but will only pay \$2,000 this year. Davis said the decrease was because Kings Mountain athletes use the pro-

Four Fires Reported

Kings Mountain firemen were called to the scene of three house fires and a car fire during the past week.

House fires were extinguished last Thursday at the homes of Doyle Campbell on Castlewood Drive and Craig Bridges at 800 Gantt Street. No damage estimate was available on the Campbell Fire. Damage to the Bridges residence was \$2,000.

Extensive damage was reported Saturday to the home of Shelly Howard on East Parker Street.

A car owned by Linda Richardson caught fire Friday. It was out when firemen arrived.

gram less than some of the surrounding schools.

In other business, the board added Teresa Melton to the Advisory Council of the community schools. Ms. Melton is presently the director of the Kings Mountain Aging Center.

Barbara Bridges, Martha Noblitt, and Joy Wilson got the board's approval as interim personnel. The three will be replac-

ing teachers on maternity leave from the schools.

A change in the upcoming school calendar was also approved by the board. The board decided to move a teacher's work day, scheduled for September 9, to September 2. The change would allow students to have a longer holiday over the Labor Day weekend.
