Ninety-eight young ladies of high school graduation age from 19 cities and towns will be presented to the Western North Carolina society. Representing Kings Mountain will be Beth Major, daughter of Mr. and Mrs. John Major of Route 3, Kings Mountain, and Angela Wise, daughter of Mr. and Mrs. Dan Wise of Route 2, Kings Mountain.

Co-chairmen of the Ball are Mrs. Jack Arey and Mrs. Loyd Smith. Secretary to the Debutantes is Mrs. Don Yelton, assisted by Mrs. Alan Roebuck. League President is Mrs. Harold Plaster Jr.

Several events are scheduled to lead up to the 8 p.m. ball. On Fri., June 10, a registration brunch for the deb and their mothers will be held from 11 a.m. until 1 p.m. at Cleveland

ANGELA WISE

Country Club. Rehearsal for all participants will be held from 4-7 p.m. at Brown Auditorium and a formal dance for the deb and their assistant marshals will be held from 7:30 p.m. until 12 midnight at Cleveland Country Club. A dinner for parents of the debutantes will be held at 7:30 at North Lake Country Club.

Fathers of the deb will enjoy golf and tennis all day Saturday

at Cleveland Country Club, and mothers will be treated to a luncheon at 12 noon at the home of Mrs. John Brock. An informal picnic for the deb and their assistant marshals will be held from 11 a.m. until 1 p.m. at North Lake Country Club.

The Debutante Ball originated in 1946 when 31 young ladies from Western North Carolina were presented to society. Inspired by the late Isabel Hoey Paul and patterned after the annual debutante ball in Raleigh, the ball has become a well-established social event in Western North Carolina.

Following months of parties honoring the deb, the ball weekend provides two days of delightful activities hosted by the League for the debutantes, their parents, and their marshals, as well as the presentation itself. The gala events are enhanced by elegant decorations, elaborate menus and the best available music.

HEADACHES

Also called sick headaches, a typical migraine attack begins with a dull throbbing ache in one area of the head and progresses to a piercing pain. These torturous attacks may be preceded by a change in the field of vision — a flickering before the eyes, flashes of light or a partial blocking of the vision. They are sometimes accompanied by nausea or vomiting. They are seldom relieved by aspirin. Their duration is from 2 to 48 hours.
