

A FAST HORSE is a must for Barrell Racing Stampede Rodeo coming to the Cleveland and some of the best in professional rodeo County Fairgrounds June 10-11-12. will be on hand for the Bourne Toyota

## Professional Rodeo Coming To Shelby

For the first time in many years professional rodeo will be appearing in Shelby, N.C. The first annual Bourne Toyota Stampede opens for three performances at the Cleveland County Fairgrounds June 10-11-12.

Sponsored by Bourne Toyota and sanctioned by the International Professional Rodeo Association of Pauls Valley, Okla., the rodeo is expected to attract many of the top names in professional rodeo from across

the United States and Canada. In addition to the top cowboys and cowgirls, award winning bucking stock will be presented by Imperial Rodeo Productions of Dickson, Tennessee, and top specialty acts are slated to appear at all performances.

Six contest events are scheduled including bareback bronc riding, saddle bronc riding, steer wrestling, calf roping, cowgirls barrel racing and bull riding. All of the events are sanctioned for

world championship points by the IPRA.

Performances are set for 8 P.M. Friday and Saturday night with a 2 P.M. matinee scheduled for Sunday. Tickets are reasonably priced at \$6 for box seats and \$4 for grandstand. Sunday is WXIK-WOHS, Kids Day with all kids 12 and under one-half price for that performance only.

### Barrel Racing Slated

When the first annual Bourne Toyota Stampede Rodeo opens at the Cleveland County Fairgrounds for three performances June 10-11-12, one of the fastest and most exciting events will be the cowgirls barrel racing.

Barrel racing is the only event in professional rodeo just for the ladies and the prize money certainly makes taking the wife along worth the trouble.

Last year's World Champion, Cheri Kraft, Colony Kansas, won over \$21,000 in professional competition. Ms. Kraft, like all barrel racers gave most of the credit to her horse.

Since barrel racing is a sport of speed a fast horse with the ability to turn quickly is essential. Many of the horses in competition at this year's rodeo will carry price tags well up in five figures.

Rodeo performances are set for 8 P.M. Friday and Saturday night with a 2 P.M. show scheduled for Sunday. Tickets are \$6 for box seats and \$4 grandstand. Sunday is Kids day with all kids 12 and under one-half price courtesy of WXIK-WOHS Radio.

### Mounties Named All-SWC

Kings Mountain Senior High placed a number of players on All-Southwestern 3-A Conference teams during the spring sports seasons.

The Mountaineers finished second in the running for the All-Sports Trophy behind county rival Shelby. The trophy, given for overall sports excellence, was claimed by the Lions by a mere half point. Shelby finished with 83½ points to 83 for the Mounties, who led by nine points after the winter season. R-S Central was third with 79½, followed by East Gaston 76½, Crest, East Rutherford and South Point 71½ each, North Gaston 63, Chase 54 and Burns 51.

The Mounties placed second baseman David Peeler and outfielder Todd Cloninger on the All-SWC baseball team. Peeler led the Mounties with a .447 average and was one of the top hitters in the conference.

Jay Schronce and Brad Jones, who both advanced to the Regional Tournament, made the All-SWC tennis team. Heida Hagans and Melinda Roberts, who helped lead KMHS to a second place finish, made the softball team.

## Something Is FISHY In Kings Mountain

**Why Do The Liquor, Beer And Wine Forces Want More When They Know**

- It is not needed
- It endangers our children
- It creates discipline problems in the schools
- It makes more alcohol available to our youth
- It makes beer retailers out of our youth
- It provides no legal control
- It is not a revenue producer
- It is a major cause of drunk drivers
- It is a major cause of highway deaths
- It threatens our safety
- It attacks our homes
- It is a dangerous precedent
- It is a peril to our nation
- It is three of the things that will make a person an alcoholic

### It Should Be Obvious Why They Want It....

They Want To Enjoy The Financial Gain And At The Same Time Disregard The Major Problems It Would Create For Every \$1.00 Received In Beer, Wine And Liquor Revenue, Taxpayers Have To Pay \$6.17 In Alcohol Related Costs.
