WHY SO MANY PEOPLE FEEL AT HOME WITH A FIRSTRATE MORTGAGE.™

We've done it for lots of people. And First Union can show you the way to afford a home, too.

A FirstRate Mortgage. It's the one that gives you all the advantages of an adjustable mortgage loan. For instance, there's no need to go to the trouble and expense of refinancing if interest rates drop. Because the interest rate for your loan is automatically adjusted quarterly.

And a FirstRate Mortgage from First Union gives you other advantages, too. Like monthly payments fixed for 5-year periods. And a limit on the percentage your payment can be adjusted.* So it's easy to plan a home-buying budget.

Stop by your nearest First Union office and take a closer look at a FirstRate Mortgage. It's opened the door for a lot of people.

And it can do the same for you.

FIRST UNION

Member FDIC *The limit on payment adjustment is removed for the last 10 years of the loan term.
