Retired Teachers Meet

The Cleveland County Chapter of the North Carolina Retired School Personnel had as special guests at their June luncheon those teachers and other

school personnel retiring at the end of this school year. The meeting was held on Tuesday, June 7, at the Elks Lodge. Myers Hambright, president,

gave greetings to the guests. The invocation was given by Margaret McCarter who later gave devotional thoughts on "Happiness."

Following the reading of the minutes by the secretary, Charlotte Swift, the treasurer, Jeanette C. Surratt, gave the treasurer's report. Hambright reported on a recommendation by the executive board that the local dues be increased by two dollars. Margaret Tiddy made the motion that the recommendation be approved, Martha London seconded, and the motion carried.

Hilda Goforth gave the necrology report and a tribute to two deceased members, Prue Nell Poston and Eloise W. Nichels.

Clarie Leonhardt, former president of District Two RSP, reported the new president for District Two is Ray Shelton, a resident of Belmont. The next District Two meeting of the Retired School Personnel will be held September 2, at 1 p.m. at a luncheon at the Elks Lodge in Shelby.

Hambright announced a workshop for RSP Presidents, Treasurers, and Membership, Community Participation, and Information and Protective Services Committee Chairmen will be held in Hickory on July 7th.

School Board Denies Kindergarten Transfers

Kings Mountain kindergarten students will have to attend school in the area in which they live unless some vacancies occur after the start of the school year, the Board of Education ruled Monday afternoon.

Superintendent Bill Davis said he had received a number of requests, but filling those requests now would overcrowd classrooms. He said nine of the requests involved students from Grover and granting those requests "would deplete their enrollment and swell others."

Ten parents are requesting that their kindergarten children

be allowed to transfer to North School. Four sought transfers to Bethware and three to West. There were no requests for transfers to East or Grover.

The board granted all requests received for students in grades one through five.

Davis suggested that, if there are openings after school starts, to grant transfers according to the dates the requests were made.

His recommendation passed 3-1, with board member Bill McDaniel voting against.

McDaniel said it was his understanding that when this matter came up once before, the board agreed to require kindergarten students to attend the school in which zone he or she lives.

"I feel like if you give part of them a choice, you have to give them all a choice," McDaniel said.
