

OPEN HOUSE - Grady Howard, right, administrator of Kings Mountain Hospital, talks to visitors during Sunday's open house at the new and renovated facilities. Hundreds of visitors toured the hospital to see the \$6 million expansion project.

Open House Is Held

From Page 1-A

Dr. P. G. Padgett are used at the entrance of the new doctor's lounge where the antique desk used by the late Dr. J. E. Anthony is featured in the decoration.

Dr. F. J. Gentry showed visitors the Astra 8 chemistry analyzer which is a new addition to the laboratory and is capable, he said, of conducting up to seven tests at the same time and can be programmed to analyze samples for up to 30 patients. He said the radiology department has also installed a xeroradiographic imaging unit for mammography, a diagnostic procedure used to detect breast tumors and has also added an ultrasound unit. Other departments which have undergone major renovation and expansion are respiratory, therapy and

physical therapy, where a large whirlpool is used by patients, clinical and histological labs, dietary department and the cafeteria. Also expanded are the pharmacy, central supply and the administrative office areas. The first floor of the new wing included the radiology department, an expanded emergency department with waiting area and business offices. On the same level are the lobby with a new gift shop, offices and records departments. The new lobby has been chosen for the memorial area to honor the late Herbert J. Plonk.

The only wall decorations throughout the new wing are pictures of persons memorialized and there is a picture in the large conference room of the late George W. Mauney, who was president of the hospital board of trustees for many years before his death.

Sub Factory Open

Don Adams has recently opened a new and unique sandwich shop here in Kings Mountain called the Sub Factory, located on West Gold Street.

Don, a retired Air Force man, got the idea from his travels up north and when he returned to Kings Mountain he realized that Kings Mountain didn't have anything quite this unique,

therefore he decided to open the Sub Factory.

The Sub Factory's menu includes: ham & cheese; bologna & cheese; ham, salami, & cheese; turkey, ham, & cheese; ham, pepperoni, & cheese; turkey & cheese; ham, salami, pepperoni, & cheese; ham, bologna, &

cheese; and a combination of salami, bologna, turkey, ham, pepperoni, & cheese - which he calls his Super Sub. All sandwiches include lettuce, tomato, onion, oil, vinegar, and oregano.

He is open weekdays from 10 a.m. until 7 p.m. and Saturdays 10 a.m. until 2 p.m. Call ahead for faster service.
