TO THE CITIZENS OF KINGS MOUNTAIN

It has indeed been a privilege and honor to have served the City of Kings Mountain and its citizens since first being elected in 1963 as Commissioner for District 4.

Many projects have been initiated in which I am extremely proud to have had a part in from their inception to their completion. To name only a few; John H. Moss Lake, new City Hall, new work center, Ellison Water Plant and many more that are of great benefit to all our citizens.

Since serving on the City Council, I have tried to serve all our citizens in a fair and business-like manner. As many of you can remember, I have had to be in court and other meetings where Kings Mountain had to have representation, and I am not timid to speak out for all of us on things that rightfully belong to Kings Mountain.

Kings Mountain has been very fortunate to have had administrations that have been aggressive and progressive. Our Recreation Program is far better than most cities and is continuously being upgraded. I am proud of our Senior Citizens and I support this very worthy program. I have tried to take a very active part in attending various functions in our City, supporting our schools where possible and attending their social programs, speaking and welcoming people from other cities in various churches, attending and supporting civic organizations and their programs, and open house for our business and industries.

I am an active member of First Baptist Church, Eastern Star, Immediate Past Patron, Masonic Lodge 339, 32nd Degree Mason, Shriner, and a member of the Kings Mountain White Plains Shrine Club. Every civic, fraternal, and other organization in which I belong is for the benefit of everyone regardless of race or creed.

It is virtually impossible to see every citizen to express my appreciation for your considering voting for me on October 11. In District 4, there are five candidates seeking this office. I hope every voter will consider the qualifications of each candidate and I would invite each one to check my voting record. I am sure you will find it is consistent with my convictions.
