JAMES A. CHILDERS

## RE-ELECT JAMES CHILDERS DISTRICT 1 COMMISSIONER

I have never refused to discuss any issue with anyone; and I have voted on every issue to come before me, either yes or no, with the exception of two items. The North Carolina General Statutes state that you can not vote on any issue in which you are directly or indirectly involved. The two times I refused to vote were on re-zoning matters in which I was indirectly involved, and so I refused to vote on the final presentation of these items.

I feel that the eight years of experiences that I have as your District 1 Commissioner, will help guide the future of this city in order to make it a better place to live and raise our children and grandchildren.

If re-elected by you the voters, I can pledge to you that I will try and fulfill my responsibilities as your District 1 Commissioner during the next four years, as I have tried to do during the past eight years.

As election day is only a few days away, I find that it will be impossible for me to see and talk with every voter of this city. I have chosen this newspaper ad to ask you the voters for your vote and support in the October 11th election.

In announcing for re-election as the District 1 Commissioner, I pointed out some of the projects and improvements that have been accomplished during the eight years that I have served as the District 1 Commissioner. I pointed out some of the projects and directions that I feel will be needed for the future growth and well being of the city. I also pointed out some of the things I did not feel were good for the majority of the citizens, and so I had no choice, but to vote against those items.

My voting and attendance record is a matter of public record, and can be examined by anyone at any time. If there is a question, by you, the voter, as to where I stood on any issue, I encourage you to check the record.
