

GIVEAWAY

My Dad always said...Beware of something for nothing! But he also said...A bargain is a bargain ONLY if it is a known value...at a giveaway price! We've always been giveaway artists...mostly because we buy right! We probably give more away in a day than most places do in a month! Free gifts...great prices...super service (which costs you nothing extra)...and more! But hurry in...many of these prices are special purchases...and we cannot replace them at any price! And look me up...I do have a free gift for you!
