

# Dennis Is At Home At Organ And Piano

From Page 1-B

and he was reared by his father, Paul Huffstickler, and his grandmother. His family ribs him about being the barefoot musician because he always takes his shoes off when playing the organ and piano. "I can feel the music better," he laughs.

Dennis, with his natural talent, has a way of making any organ and piano sound good. And, he has a wide range of song selections committed to memory.

There's nothing about Dennis Huffstickler that sets him apart from any other 30 year old except his fingers. Even at that, he has ordinary looking

fingers until he sits down at the organ and begins playing.

It's then that his fingers take on a golden touch as the organ's keyboard jumps to life. With confidence and poise, he deftly runs his fingers across the keyboard, producing music to thrill the heart of any music lover.

"Because He Loved Me" will be Dennis's third recording, which he is working and sacrificing to produce now. Dennis says he has the faith to go on and make a name for himself in the music world, with God's help. "I've Come Too Far not to succeed," he says.

137 S. Main Street, Mt. Holly - 827-6744  
245 W. Main Ave. / 1535 Burtonwood Drive, Gastonia - 867-8391

The mighty oak... a symbol of strength. To remind us of strong roots, providing a solid foundation. The symbol of Gaston Federal. The little acorn... a symbol of new opportunities. To remind us of the fruit, the reward yielded by the mighty oak. The symbol of new things happening at Gaston Federal... like the best IRA program for you.

An IRA is a special tax-favored account which practically anybody can use to build a large retirement fund. IRA's let all working people — even part-timers — create their own retirement plans, even if they are already part of a pension plan. Yields are high... matching the current market rate! Come by Gaston Federal soon for all the details.
