Good opportunity with a local Ford Dealership. Must have complete knowledge of warranty. Good customer relationship a must. Excellent benefit package. Apply to Wade Tyner, Wade Ford, Inc. Hwy. 74 West, Kings Mountain, N.C.

130 Elementary Pupils Register For Math School

Math summer classes for students who were in grades four and five during the 1983-84 school year will begin Monday at West School. One hundred thirty students from all five elementary schools have pre-registered. Two types of instruction will be offered, remedial and computer-based enrichment. Remedial classes are scheduled 9:00 a.m. to 12 noon. Due to the large enrollment in the enrichment class, two sessions will be held, one from 8:30 a.m. until 11:30 a.m., and an afternoon session 12:30 until 3:30 p.m. Parents have been notified

as to which sessions their child will attend. All classes run daily Monday through Friday from July 9 through August 3. Parents are asked to use the new drive through at West School in dropping off and picking up their children. Entry is on the west of the building from Mountain Street side. Inquiries about the summer program should be addressed to Mrs. Martha Bridges, supervisor, at 739-5156. This is the first year that the Kings Mountain District Schools have offered a summer school for elementary students.

Rescue Report

Kings Mountain Recue Squad made 106 trips and traveled 3,616 miles during the month of June, First Lieutenant Roy Hammett pointed out in his monthly report. Volunteers gave 487 hours of their time in service to the community. Rescuers made 43 house calls, three blood runs, 44 transports, 49 emergencies, 13 wrecks, 15 personal injuries, two DOAs, one pin-in, five assistances and one false call. Transports included 53 to Kings Mountain Hospital, five to Kings Mountain Convalescent Center, 15 to Cleveland Memorial, 10 to Gaston Memorial, seven to Charlotte Memorial, one to Chapel Hill, two to Kings Mountain medical clinics and four to out of town medical clinics.

Concord To Complete Firecracker 100 Races

CONCORD, N.C. - A stellar field of drivers is expected to return to Concord Speedway this weekend for the completion of last week's Firecracker 100 racing program. Last weekend, Friday night's program of qualifying, heat races and dash for cash events for the late model sportsman outlaw,

late model stock appearing and semi modified classes was completed, along with feature events for the hobby and super stock divisions. Saturday night's action however, which featured two main events, was rained out and postponed for one week. This Friday night, the 4-mile

dirt track will host its regular weekly show, with racing on tap for the late model, semi modified, hobby and super stock divisions. Under regular speedway rules, the outlaw wedge cars may run Friday night also, but only with a 200-pound weight penalty. Saturday night, the Firecracker 100 will feature 50-lap main events each for the late model stock appearing and the late model outlaw cars, with each race paying \$2,000 to win. Many drivers, like track point leader Doug Osteen and Georgian Buck Simmons, were on hand last weekend with both types of cars, giving them the opportunity to win \$4,000 in one night by sweeping the dual main events. Also, the top-eight finishers in the stock appearing feature are guaranteed starting slots in the outlaw main event, so one driver could take both features in the same stock appearing entry. Saturday's program includes a 25-lap semi modified main event, paying \$1,000 to the winner, as well as 20-lap features for the hobby and super stock divisions. Qualifying for starting positions, which was held last Friday, will stand for this Saturday's races. A few other late model drivers who were on hand last weekend included Hayward Plyler, Ernie Irvan, John Eury, Joe Meadows, Randy Thurman, Jessie Meadows, Dwight Hammill, Alan King, Rodney McKee, Steve Stevens, Ernest Eury, Shorty Bauco and Gray Brookshire.

Rankin Fishing Winner

John Rankin caught fish weighing nine pounds and 15 ounces to win the Cleveland County Bass Club's June tournament Saturday at Rhodiss near Valdese. Keeter Hamrick of Kings Mountain was second with seven pounds, four ounces. He also caught the biggest bass, a five-pound, eight ounce lunger. Third place went to Carl Melton with a total catch of four pounds, eight ounces. The next tournament will be July 28 at Fishing Creek, S.C.

RIDE WITH CONFIDENCE

When you climb aboard our rider, you're riding on years of SNAPPER quality, engineering and innovations. In fact, SNAPPER riders have earned their well deserved reputation in the tall grasses of the Sunbelt where grass grows most of the year. Time tested performance makes the SNAPPER easy-to-operate and tough. The formidable task of a truly large lawn is cut down to size when you are on a SNAPPER rider. The performance features include on-the-go shifting, easy height adjustment, SNAPPER's acclaimed friction disc drive, exclusive automatic blade stop system and a rear mounted engine to cut down on noise and improve visibility. See our riding mower at your SNAPPER dealer today. You'll see why it's a reputation worth riding on.
