## **CARPET CARE CHAT** Vol. 1 Text 11

The age old problem of subsurface and surface fiber residue which is sometimes deposited from our beloved

four-legged friends to create the most hated odor we can possibly imagine, is certainly a continual problem for some households.

Sometimes we Mike Lynch don't even realize the severity of the problem (it can occur over long periods oftime) until we have a morning cup of coffee with Jane. Suddenly we realize our homes don't have the same basic "smell". What to do?

Historically, deodorizers, especially those which only mask our problem temporari-ly, are basically not worth the time and money spent. You must actually locate the problem areas, and use an an-timicrobial and deodorizing carpet application, which actually attacks the causes of most serious odor producing bacteria, and helps to inhibit the growth of fungi, mildew, and bacteria. The result: no bacteria, no fungi, no odor. This carpet application provides hygenic carpet freshness between cleanings and helps ensure longer carpet life.

Also, our process is a con-tinual self-deodorizing property which remains in the fiber to provide chemical protection to remove and resist odors.

If you need help in odor con-trol, our professional trained staff is always at your service. Think of us when the need arises.

The Kings Mountain Ladies Golf Association will host an invitational tournament Tuesday at Kings Mountain Country Club.

Ladies from Cleveland Country Club, Gastonia Municipal, Riverbend, Woodbridge and Cherryville will also be participating.

There will be a shotgun start at 9:30 a.m.

Kings Mountain ladies should sign up by calling the KMCC pro shop.

\*\*\*\*

Kings Mountain ladies will compete in the Foothills Tournament at Lenoir on July 26. Players should sign up with Lynne Mauney.

Cleveland Country Club ladies have invited Kings Mountain women golfers to join them for golf on August 7.
