

Ashmore To Speak

Boiling Springs-Dr. Henry Ashmore of the Southern Association of Colleges and Schools will be the guest speaker at Gardner-Webb College's 1984 summer commencement.

The ceremony will be held Saturday, August 4 at 10 a.m. at the Boiling Springs Baptist Church.

Ashmore has been with the association since 1982 serving as associate executive director of the commission on colleges.

A native of Tallahassee, Fla., he began his career in 1950 after earning his bachelor, master and doctor's degrees in education from the University of Florida.

Since then he has served as coordinator of student teaching at Georgia Southern College, and as president of Pensacola Junior College and Armstrong State College.

As the first president at Pensacola, Ashmore led the school through a 10-year period of growth from 185 students to 4600 and from 11 faculty members to 250. Also during that period the school experienced new plant development valued at \$12,000,000.

Armstrong State College, in Savannah, Ga., experienced a period of growth during Ashmore's tenure as well. From 1964 to 1982 the four-year school grew from 680 students to approximately 2200, with new campus development worth \$6,000,000.

As an educator, Ashmore has been active throughout his career in numerous professional organizations. He has served as president of the Florida Association of Colleges and Universities and was a member of the board of directors of the Southern Association of Junior colleges.

In addition to his current full-time affiliation with the Southern Association of Colleges and Schools, Ashmore has served the association as secretary of its executive council and college commission. He has also served as chairman of a number of college-accrediting

MEETING

Quarterly meeting of the Gaston County Historical Society will be held Friday, Aug. 10th, at 7 p.m. at the home or Robert and Anne Dellinger's historic/restored log cabin, Route 1, Crouse, N.C. All interested citizens are invited to attend.

committees and as chairman of the committee on special purpose institutions.

Gardner-Webb is a liberal arts college affiliated with the Baptist

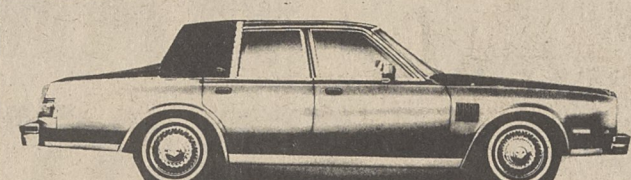

State Convention of N.C., offering associate, bachelor and master's degrees. The college is noted for its independence of federal funding.

CARPET CARE CHAT

Vol. 1 Text 11

The age old problem of sub-surface and surface fiber residue which is sometimes deposited from our beloved four-legged friends to create the most hated odor we can possibly imagine, is certainly a continual problem for some households. Sometimes we don't even realize the severity of the problem (it can occur over long periods of time) until we have a morning cup of coffee with Jane. Suddenly we realize our homes don't have the same basic "smell". What to do?

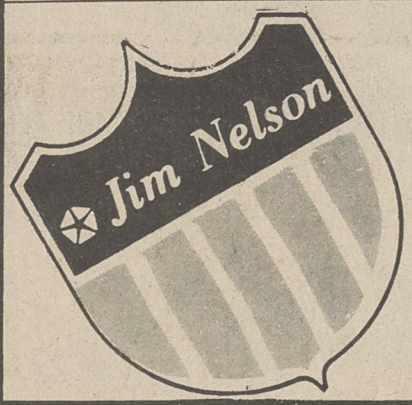

Historically, deodorizers, especially those which only mask our problem temporarily, are basically not worth the time and money spent. You must actually locate the problem areas, and use an antimicrobial and deodorizing carpet application, which actually attacks the causes of most serious odor producing bacteria, and helps to inhibit the growth of fungi, mildew, and bacteria. The result: no bacteria, no fungi, no odor. This carpet application provides hygienic carpet freshness between cleanings and helps ensure longer carpet life.

Also, our process is a continual self-deodorizing property which remains in the fiber to provide chemical protection to remove and resist odors. If you need help in odor control, our professional trained staff is always at your service. Think of us when the need arises.
