

KM Women In Hawaii....

Library Notes

By ROSE TURNER

Have you read a good book lately? Laura Southards and Jacqueline Harmon have. They are enrolled in the summer reading club at the Mauney Memorial Library, and would like to share some books they particularly enjoyed.

Laura Southards reports on **FAMOUS PIONEERS**, by Ramon Coffman. This book is about famous pioneers. I chose to write my story on Daniel Boone. Daniel Boone was born in Pennsylvania on November 2, 1734. Daniel enjoyed the great outdoors. He loved to hunt very much. When Daniel was young he lived alone in the wilds of Kentucky.

Throughout Daniel Boone's long life the frontier was his home. From his early childhood

to his old age his days were full of adventure. Daniel was born in a log cabin. Daniel Boone was fourteen when he learned to read and write. Daniel Boone lived in Kentucky late after he was born. Kentucky was called "Dark and Bloody Hunting Ground." Daniel Boone died shortly before his 86th birthday in 1820.

Jacqueline Harmon reports on **THE BLUE WHALE**, by Donna K. Grosvenor. This story was about Blue Whales. A baby blue whale is born in warm water and drinks its mother's milk. One day the mother and baby go to feeding grounds in Antarctica. After many weeks Bib Blue and mother arrive. They found lots of krill to eat. Big Blue is nearly one year old. He can take good care of himself. The Blue Whale is a mammal.

Women Visit Hawaii

Mrs. Veralee Mask, Miss Allie L. Fleming and Mrs. Emily Brown have returned from Hawaii after visiting the daughter of Mr. and Mrs. Benjamin Brown, Miss Toby Brown, who is stationed in Hawaii with the Navy.

While there Miss Brown took a week from camp and accompanied the visitors to several sites such as the Pineapple factories, the north shore, the Waimea Fall Park, the Sealife Park, Pearl Harbor, Hawaii Mint, the neighborhood islands, and visited shopping centers in the area. They also attended worship services there and met lots of nice people, according to Ms. Mask.
