The ASSE International Student Exchange (ASSE) is seeking local families to serve as hosts for 15 Scandinavian, German, Swiss, British and Dutch high school students who are part of the ASSE exchange visitor program. According to Carole Powell, Southern Director of the ASSE program, the non-profit ASSE is affiliated with the Swedish and Finnish Departments of Education and is officially designated by the U.S. Information Agency as an Exchange Visitor Program.

The students, 16 and 17 years old, are fluent in English and are carefully selected for the program based on their high school performance, good character, and interest in the ASSE program. All of them are covered by comprehensive medical and liability insurance and have adequate money for personal needs. The host family furnishes room and board, and perhaps a measure of love!

The ASSE program offers families the opportunity to share their North American cultural and educational experiences with a European young person, while at the same time, learning about another culture and language. Mrs. Powell indicated that a volunteer Area Representative, provided by ASSE, will oversee the placement to assure that everything goes smoothly.

Families interested in serving as hosts for the 1985-86 school year should contact ASSE's local

Area Representative: Pam Ritzenour at 704.542-0926.

ASSE is also seeking qualified American high school students to spend a six week holiday or academic year in Europe as exchange students. Participants must be 16-17 years of age, maintain a high grade point average and have excellent character references. Interested teens should contact their local Area Representative.

ASSE International is a non-profit, tax exempt, public benefit organization. ASSE International is officially designated as an exchange visitor program by the United States Information Agency and is affiliated with the Swedish and Finnish Departments of Education.
