Citizens To Picket KM Store

Concerned Citizens Against Porn will picket the 7-Eleven Convenience Store located at 11744 Phifer Rd. Saturday, April 27, from 10:00 a.m. until 3:00 p.m. The picketing is part of a nationwide coordinated effort urging concerned citizens to boycott 7-Eleven because of that company's continued sales of pornographic magazines. The local picketing will be part of a nationwide effort on the part of many Christian organizations to picket as many as 5000 stores selling pornography, promoting a boycott of these stores, said Rev. L.K. Fannin, pastor of The Church of the Nazarene in Kings Mountain.

Donald E. Wildmon, a United Methodist minister who heads the National Federation for Decency, said that 7-Eleven is the leading retailer of magazines such as Playboy and Penthouse in the nation. He met with 7-Eleven officials three times prior to calling for the boycott but was told by 7-Eleven that the company makes too much money to cease selling them.

"7-Eleven has told us that they have the best policy for selling anti-Christian pornography of any chain," Wildmon said. "How can there be a best policy of selling porn? 7-Eleven, by their actions, have shown that they do not want the business of people who are concerned. A recent study made at the University of New Hampshire showed that the states with the highest rate of readership of the anti-Christian porn magazines also have the highest rate of rape," Wildmon stated. He said according to Dr. Victor Cline of the University of Utah, the rate of rape has gone up 700% since 1933, taking into account the population growth.
