

FLOWERS FOR VOLUNTEERS—Mrs. Cindy Wood's Sixth Grade Math Class at Central School presents flowers to volunteers back row from left, Dwight Tessenear, Ruby Alexander and Tom Trott. Front row are Nicole Herndon, left, Amy Bumgardner and Angie Whitker.

## This Is Math Week

This week is National Math Week and at Central School math students in Cindy Wood's 6th Grade are putting the plus in their mathematics education with the help of numerous volunteers on campus.

On a recent visit to the classroom the students were working on calculators, measuring and using the bulletin board and using the computer and newspaper as mathematics education tools.

How they use math in their jobs was explained to students during visits to the classroom Friday by Larry Wood, personnel management; Jerry Blanton, contractor; Glee Bridges, hardwareman; Barry Hughes, fireman; Rick Bacon, taxes; Frank Leonard, surveyor, and Betty Hughes, Sears employee.

Math students were also participating in a contest to find the most words worth exactly one dollar in a puzzle distributed system-wide.

What do the students like about math?

MECHELLE CAMP said, "We have a project at the end of the nine weeks to reinforce what we learn during the nine weeks."

AMY BELL said, "We work for points, at the end of the nine weeks, we count them up then we have a point-a-thon. Last nine weeks, we worked for 115 points so we could go skating."

ANGIE WHITAKER said, "Math is a fun subject that will help others in the future."

LISA DROZ said, "Math is a subject that is very challenging for all."

LEE BLACK said, "We need to learn math because we need to know it."

ALETA CLARK said,

"Math is a subject that is very important."

JOY SHORT said, "Math is very exciting and is something we will always use."

KEVIN BESS said, "This year we have had brainteasers. The brainteasers help us learn math tests."

RIC LEWIS said, "Math is a subject that will be used all our lives."

MISTY WHETSTINE said, "Mrs. Wood has taught me that we will have to use math all through our lives."

REECE COCHRAN said, "Math is an important subject and we will always use it. That's why it's so important."

NICOLE HOPPER said, "Math helps you with skills you will need in the future."

KEVIN MOSS said, "Math is the most important subject in school."

KIM DEVENEY said "Math is important to learn because when you get ready to get a job you need the education."

CHANDA EPSS said, "Math is my favorite subject because you learn information that you can use in your lifetime and I also like math because it comes easily to me. If there's something that I don't understand the teacher always explains it to me."

NICOLE HERNDON said, "In math I have a lot about fractions and the metric system. When I first started fractions I didn't understand. But now I do understand fractions."

ROBBIE WILSON said, "I like math a lot because I understand it. I understand because Mrs. Wood explains it well."

JOE HARRIS said, "Math

is my favorite subject because of the point-a-thon at the end of every nine weeks."

## Grover Students Selected For G-W Concert Choir

David Dingus and Rusty Morrison, both of Grover, were among 45 students who were recently selected to be members of the Gardner-Webb College Concert Choir

for the 1985-86 school year. Dingus is the son of William and Lena Dingus of Grover and Morrison is the son of Mr. and Mrs. Claude R. Morrison Sr. of Grover.

## Class Reunion Scheduled

The Kings Mountain High School Class of 1975 will hold its 10th year reunion Sat., May 11.

A picnic will be held at 12:30 p.m. at Lake Crawford. A social hour will begin at 7 p.m. at the American Legion Building and the dance and reunion activities will begin at 8 p.m.

Any classmates who have not yet made arrangements to attend should write Class of 1975, P.O. Box 345, Kings Mountain, N.C. 28086.
