

# East School Holds Graduation

Fifth Grade "Graduates" received diplomas and a large number of students won awards during East School Awards Day Friday.

Heading the list of award winners were the Citizenship winners Danielle Nolen and Holly Harmon.

A highlight of the program was a "Vacation Special" train composed of the staff dressed in engineer caps and jeans and wearing the "wheels" on their shoes and boxcars fastened to the shoulders of their white blouses. The wheels were designed on paper plates placed to the outside of the ankle and attached with a string. Iva Beam, chairman, fashioned the engine on cardboard and it was worn by Margaret Smith. Other members of the awards day committee were Anne Quattlebaum and Betty Clemmer. Making up the "Vacation Special" were Margaret Smith, Pam Lee, Jackie Shell, Anne Mauney, Debbie Rayfield, Sandra Mullinax, Betty Jordan, Gail Brown, Mike Smith, Terrie Putnam, Delora Lovelace and Anne Smith.

East School Librarian, Edith Morgan, who is retiring this year, was also recognized during the program with a crown of flowers, a banner, and gifts.
