Fred Finger, who formerly worked as inventory and production manager at Eaton Corporation and was plant manager for a number of

Jim Dickey, 12 year veteran of the board of commissioners, is chairman of the city energy committee which is taking steps to build a hydro plant on Moss Lake. Dickey has said that he would like to see the completion of that project, along with others in which he has been involved and headed during the last 12 years.

Harold Phillips, a former commissioner in the 1950's in the Glee A. Bridges administration, is former retired superintendent of Craftspun Mills. Phillips has said he would like to see reduction in utilities for senior citizens and more communication by citizens and public officials.

## ANNIE R. CORRY The Right Choice For Kings Mountain School Board

TO THE CITIZENS OF KINGS MOUNTAIN:

I am a citizen of Gastonia and have worked in the Gaston County School System with Annie R. Corry for at least ten years and I have personally known her for twenty-five years. Therefore, I am unable to vote in this particular election.

We must remember that our children must be our first concern in education. Much progress has been made in education and let's make a wise choice in the selection of the person to serve on the School Board.

Mrs. Corry has had 39 years of experience as a teacher, librarian and Assistant Principal and is qualified for the Kings Mountain School Board. All children have the right to get a good education. It takes everyone working together to make things better.

Voting for Mrs. Annie R. Corry to the Kings Mountain School Board is the answer.
